INDEPENDENT AUDITOR'S REPORT

The Honorable Board of Chosen Freeholders
County of Passaic
Paterson, New Jersey

Report on the Financial Statements

We have audited the accompanying balance sheets - regulatory basis of the various funds and account group of the County of Passaic in the State of New Jersey, as of December 31, 2015 and 2014, the related statement of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various funds for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the Community Development Grant Fund as of December 31, 2015 and 2014 which represents 13.9 percent and 13.6 percent, respectively, of the assets of the Trust Fund for the years then ended. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Community Development Grant Fund, is based solely upon the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community

Affairs, State of New Jersey (the "Division"), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared by the County of Passaic on the basis of the financial reporting provisions prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the County of Passaic as of December 31, 2015 and 2014, or changes in financial position for the years then ended.

Qualified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the regulatory basis balances sheets and account group as of December 31, 2015 and 2014, the regulatory basis statements of operations for the years then ended and the regulatory basis statements of revenues and expenditures for the year ended December 31, 2015 in accordance with the basis of financial reporting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Passaic's basic financial statements. The supplementary information listed in the table of contents and schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the schedule of expenditures of state financial assistance as required by NJ OMB 15-08 and the letter of comments and recommendations section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental information listed in the table of contents and the schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), the schedule of expenditures of state financial assistance as required by NJ OMB 15-08 are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information listed in the table of contents, schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the schedule of expenditures of state financial assistance as required by NJ OMB 15-08 are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The letter of comments and recommendations section has not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated May 4, 2016 on our consideration of the County of Passaic's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County of Passaic's internal control over financial reporting and compliance.

COUNTY OF PASSAIC, N.J.
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015 AND 2014

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB Codification establishes seven fund types and two account groups to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America (GAAP).

The financial statements of the County of Passaic have been prepared in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the County accounts for its financial transactions through the following separate funds and account group which differ from the fund structure required by GAAP.

A. Reporting Entity

The County of Passaic (the "County") was organized under an act of the New Jersey Legislative on February 7, 1837 and operates under an elected Freeholder form of County government. The County's major operations include the County judiciary system; law enforcement, recreation, road and bridge maintenance and construction, the County correctional and penal system, health and welfare, education and general administrative services.

GASB has issued Statement No. 14 which requires the financial reporting entity to include both the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will be by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government.

However, the counties in the State of New Jersey do not prepare financial statements in accordance with GAAP and thus do not comply with all of the GASB pronouncements. The financial statements contained herein include only those boards, bodies, officers or commissions as required by NJS 40A:5-5. Accordingly, the County does not include the operations of the autonomous agencies including the Passaic County Utilities Authority, Passaic County Community College, Vocational-Technical High School, Employees Retirement System, Welfare Board and the Private Industry Council of Passaic County which are considered component units under GAAP. Complete financial statements of the above components can be obtained by contacting the Treasurer of the respective entity.

B. Measurement Focus, Basis of Accounting and Basis of Presentation

The County uses funds, as required by the Division, to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial administration by segregating transactions related to certain County functions or activities. An account group, on the other hand, is designed to provide accountability for certain assets and liabilities that are not recorded in those funds.

The County has the following funds and account group:

Current Fund - This fund is used to account for the resources and expenditures for governmental operations of a general nature, including Federal and State grants for operations.

Trust Funds - Trust funds are used to account for assets held by the government in a trustee capacity. Funds held by the County as an agent for individual, private organizations or other governments are recorded in the Trust Funds.

Other Trust Fund - This fund is established to account for the assets and resources which are also held by the County as a trustee or agent for individuals, private organizations, other governments and/or other funds. These funds include dedicated fees/proceeds collected, developer deposits and deposited funds with the County as collateral.

Confiscated Trust Fund - This fund is created to account for assets seized by local and county law enforcement agencies. Any seized assets forfeited are allocated to the respective agencies or returned upon the conclusion of each legal case filed.

Self-Insurance Fund - This fund is used to account for expenditures for Worker's Compensation and General Liability insurance claims and premiums.

Community Development Grant Fund - This fund is used to account for grant proceeds and related expenditures for Housing and Urban Development Grant Entitlements.

General Capital Fund - This fund is used to account for the receipts and disbursements of funds used for the acquisition or improvement of general capital facilities, other than those acquired in the Current Fund.

General Fixed Assets Account Group - To account for all fixed assets of the County. The County's infrastructure is not reported in the group.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

B. Measurement Focus, Basis of Accounting and Basis of Presentation, (continued)

Basis of Accounting

A modified accrual basis of accounting is followed by the County of Passaic. Under this method of accounting revenues are recognized when received and expenditures are recorded, when incurred. The accounting principles and practices prescribed for counties by the Division differ in certain respects from accounting principles generally accepted in the United States of America (GAAP) applicable to local government units.

Property Tax Revenues - Real property taxes are assessed to each municipality within the County, based upon a County wide assessment at true equalized value. Taxes are payable in four quarterly installments on February 15, May 15, August 15 and November 15. The amounts of the first and second installments are determined as one-quarter of the total tax levied against the municipality for the preceding year. The installment due the third and fourth quarters is determined by taking the full tax as levied for the current year against the municipality, less the amount previously charged as the first and second installments, the remainder being divided equally. If unpaid on these dates, the amount due becomes delinquent and subject to interest at 6% per annum. In accordance with the accounting principles prescribed by the State of New Jersey, taxes receivable are realized as revenue when collected. Since delinquent taxes are fully reserved, no provision has been made to estimate that portion of the taxes receivable that are uncollectible. GAAP requires property tax revenues to be recognized in the account period when they become subsequent to accrual, reduced by an allowance for doubtful accounts.

Miscellaneous Revenues - miscellaneous revenues are recognized on a cash basis. Receivables for the miscellaneous items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the County's Current Fund. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Grant Revenues - Federal and State grants, entitlements or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the County's budget. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Budgets and Budgetary Accounting - An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures. Budget amounts presented in the accompanying financial statements represent amounts adopted by the County and approved by the State Division of Local Government Services per N.J.S.A. 40A:4 et seq.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

B. Measurement Focus, Basis of Accounting and Basis of Presentation, (continued)

The County is not required to adopt budgets for the following funds:

Trust Funds
General Capital Fund

The governing body shall introduce and approve the annual budget not later than January 26, of the fiscal year. The budget shall be adopted not later than February 25, and prior to adoption must be certified by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The Director of the Division of Local Government Services, with the approval of the Local Finance Board may extend the introduction and approval and adoption dates of the County budget. The budget is prepared by fund, function, activity and line item (salary or other expense) and includes information on the previous year. The legal level of control for appropriations is exercised at the individual line item level for all operating budgets adopted. Emergency appropriations, those made after the adoption of the budget and determination of the tax rate, may be authorized by the governing body of the County. During the last two months of the fiscal year, the governing body may, by a 2/3 vote, amend the budget through line item transfers. Management has no authority to amend the budget without the approval of the Government Body. Expenditures may not legally exceed budgeted appropriations at the line item level. During the years ended December 31, 2015 and 2014, the Governing Body approved additional revenues and appropriations of \$22,564,484 and \$16,817,601, respectfully, in accordance with N.J.S.A. 40A:4-87. The Governing Body also approved \$4,000,000 of emergency appropriations for group hospitalization in 2014. In addition, several budget transfers were approved by the governing body in 2015 and 2014.

Expenditures - Are recorded on the "budgetary" basis of accounting. Generally expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with an encumbrance accounting system. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements. Unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriation reserves unless canceled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

Encumbrances - Contractual orders outstanding at December 31, are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves - Are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves does not exist under GAAP.

Compensated Absences - Expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

Self-Insurance Contributions - Payments to self-insurance funds are charged to current budget appropriations. GAAP requires payments to be accounted for as an operating transfer and not as an expenditure.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

Inventories - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets.

Cash and Investments - Cash includes amounts in demand deposits as well as short-term investments with a maturity date within one year of the date acquired by the government. Investments are stated at cost which approximates fair value and are limited by N.J.S.A. 40A:5-15.1 to bonds or obligations of, or guaranteed by, the Federal Government and bonds or other obligations of Federal or local units having a maturity date not more than twelve months from the date of purchase.

Incurred But Not Reported (IBNR) Reserves - The County has not created a reserve for any potential unreported losses which have taken place but in which the County has not received notices or report of losses. Additionally, the County has not recorded a liability for those claims filed, but which have not been paid. GAAP requires the establishment of reserves for such potential claims.

Deferred Charges to Future Taxation Funded and Unfunded - Upon the authorization of capital projects, the County establishes deferred charges for the costs of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or nonfunding of the authorized cost of capital projects. According to N.J.S.A. 40A:2-4, the County may levy taxes on all taxable property within the local unit to repay the debt. Annually, the County raises the debt requirements for that particular year in the current budget. As the funds are raised by taxation, the deferred charges are reduced.

General Fixed Assets - The County of Passaic has developed a fixed assets accounting and reporting system, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

Fixed assets purchased after December 31, 1989 are stated at cost.

Fixed assets purchased prior to December 31, 1989 are stated as follows:

Land	Assessed Value
Buildings	Fair Market Value (Replacement Cost at Time of Acquisition or construction Completion)
Equipment	
Acquired Prior to 12/31/85	Replacement Cost
Acquired After 12/31/85	Actual Cost Where Available or Estimated Replacement
Construction Work in Progress	Actual Cost

No depreciation has been provided for in the financial statements.

GAAP requires that fixed assets be capitalized at historical or estimated historical cost if actual historical cost is not available.

B. Measurement Focus, Basis of Accounting and Basis of Presentation, (continued)

The County did not perform an update of its fixed assets inventory for the year ended December 31, 2015.

Use of Estimates - The preparation of financial statements requires management of the County to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Comparative Data - Comparative data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the County's financial position and operations. However, comparative data has not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

The first category of authoritative GAAP consists of GASB Statements of Governmental Accounting Standards. The second category comprises GASB Technical Bulletins and Implementation Guides, as well as guidance from the American Institute of Certified Public Accountants that is cleared by the GASB. NOTE 11. ACCUMULATED VACATION AND SICK PAY (UNAUDITED)

Under the existing policies of the county, certain employees are allowed to accumulate (with certain restrictions) unused vacation and sick pay over the life of their working careers and to redeem such unused leave time in cash upon retirement or by extended absence immediately preceding retirement.

The maximum sick leave benefits an employee is entitled to at retirement is \$15,000. Employees are entitled to carryover one year vacation time (with certain exceptions).

It is estimated that the current cost of such unpaid compensation, which was not audited by us would approximate \$38,008,125 and \$38,468,460 at December 31, 2015 and 2014, respectively. These amounts which are considered material to the financial statements, are not reported either as an expenditure or liability.

NOTE 12. EMPLOYEE RETIREMENT SYSTEM

Description of Systems:

Substantially all of the County's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Police and Firemens' Retirement System (PFRS) or the Public Employees' Retirement System (PERS). These systems are sponsored and administered by the State of New Jersey. The Public Employees' Retirement System and the Police and Firemens' Retirement System (PFRS) are considered a cost sharing multiple-employer plans. According to the State of New Jersey Administrative Code, all obligations of the systems will be assumed by the State of New Jersey should the systems terminate.

Public Employees' Retirement System (PERS)

The Public Employees' Retirement System was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide coverage including post-retirement health care to certain qualified members. Membership is mandatory for substantially all full time employees of the State or any county, municipality, school district or public agency provided the employee is not required to be a member of another State-administered retirement system. Vesting occurs after 8-10 years of service and 25 years for health care coverage. Members are eligible for retirement at age 60 with an annual benefit generally determined to be 1/55th of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of creditable service. Early retirement is available to those under age 60 with 25 or more years of credited service. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on contributions. In case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Chapter 103, P.L. 2007 amended the early retirement reduction formula for members hired on or after July 1, 2007 and retiring with 25 years of service to be reduced by 1% for every year between age 55 and 60, plus 3% for every year under age 55.

Chapter 89, P.L. 2008 increased the PERS eligibility age for unreduced benefits from age 60 to age 62 for members hired on or after November 1, 2008; increased the minimum annual compensation required for membership eligibility for new members. Also, it amended the early retirement reduction formula for members hired on or after November 1, 2008 and retiring with 25 years of service to be reduced by 1% for every year between age 55 and 62, plus 3% for every year under age 55.

NOTE 12. EMPLOYEE RETIREMENT SYSTEM, (continued)

Description of Systems:

Public Employees' Retirement System (PERS), (continued)

Chapter 1, P.L. 2010, effective May 21, 2010, changed the membership eligibility criteria for new members of PERS from the amount of compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for new members of PERS to 1/60 from 1/55, and it provided that new members of PERS have the retirement allowance calculated using the average annual compensation for the last five years of service instead of the last three years of service. New members of PERS will no longer receive pension service credit from more than one employer. Pension service credit will be earned for the highest paid position only. This law also closed the Prosecutors Part of the PERS to new members and repealed the law for new members that provided a non-forfeitable right to receive a pension based on the laws of the retirement system in place at the time 5 years of pension service credit is attained. The law also requires the State to make its full pension contribution, defined as 1/7th of the required amount, beginning in fiscal year 2012.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of PERS with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

Chapter 78, P.L. 2011, provides that new members of PERS hired on or after June 28, 2011 (Tier 5 members) will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of $\frac{1}{4}$ of 1% for each month that the member is under age 65. Tier 5 members will be eligible for a service retirement benefit at age 65.

Police and Firemens' Retirement System (PFRS)

The Police and Firemens' Retirement System was established in July 1944 under the provisions of N.J.S.A. 43:16A to provide retirement, death and disability benefits to its members. Membership is mandatory for all full time county and municipal police and firemen, and state firemen or officer employees with police powers appointed after June 30, 1944.

Enrolled members of the Police and Firemens' Retirement System may retire at age 55 with no minimum service requirement. The annual allowance is equal to 2% of the members' final compensation for each year of service up to 30 years, plus 1% of each year of creditable service over 30 years. Final compensation equals the compensation for the final year of service prior to retirement. Special retirement is permitted to members who have 25 or more years of creditable service in the system.

Description of Systems:

Police and Firemens' Retirement System (PFRS), (continued)

Benefits fully vest on reaching 10 years of service. Members are always fully vested for their own contributions. In the case of death before retirement, members' beneficiaries are entitled to full payment of members' contributions.

Chapter 1, P.L. 2010, effective May 21, 2010, eliminated the provision in PFRS that would permit a member to retire, at any age after 25 years of service credit, on a special retirement allowance of 70% of final compensation after the retirement system reaches a funded level of 104%. Also, for new members of PFRS, the law capped the maximum compensation that can be used to calculate a pension from the plan at the annual wage contribution base for Social Security, and requires the pension to be calculated using a three year average annual compensation instead of the last year's salary.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information for PERS and PFRS. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Divisions of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295.

Defined Contribution Retirement Program

The Defined Contribution Retirement Program (DCRP) was established on July 1, 2007 for certain public employees under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007. The program provides eligible members, with a minimum base salary of \$1,500.00 or more, with a tax-sheltered, defined contribution retirement benefit, in addition to life insurance and disability coverage. The DCRP is jointly administered by the Division of Pensions and Benefits and Prudential Financial.

If the eligible elected or appointed official will earn less than \$5,000.00 annually, the official may choose to waiver participation in the DCRP for that office or position. The waiver is irrevocable.

This retirement program is a new pension system where the value of the pension is based on the amount of the contribution made by the employee, employer and through investment earnings. It is similar to a Deferred Compensation Program where the employee has a portion of tax deferred salary placed into an account that the employee manages through investment option provided by the employer.

Defined Contribution Retirement Program, (continued)

The law requires that three classes of employees enroll in the DCRP detailed as follows:

All elected officials taking office on or after July 1, 2007, except that a person who is reelected to an elected office held prior to that date without a break in service may retain in the PERS.

A Governor appointee with advice and consent of the Legislature or who serves at the pleasure of the Governor only during that Governor's term of office.

Other employees commencing service after July 1, 2007, pursuant to an appointment by an elected official or elected governing body which include the statutory untenured Chief Administrative Officer such as the Business Administrator, County Administrator, or Municipal or County Manager, Department Heads, Legal Counsel, Municipal or County Engineer, Municipal Prosecutor and the Municipal Court Judge.

Notwithstanding the foregoing requirements, other employees who hold a professional license or certificate or meet other exceptions are permitted to remain to join or remain in PERS.

Contributions made by employees for DCRP are currently at 5.5% of the base wages. Member contributions are matched by a 3.0% employer contribution.

Contribution Requirements

The contribution policy is set by laws of the State of New Jersey and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The pension funds provide for employee contributions based on 5.5% for PERS. This amount will increase to 6.5% plus an additional 1% phased in over 7 years beginning 2012 and 8.5% for PFRS, which increased to 10% in October 2011, of the employee's annual compensation, as defined by law. Employers are required to contribute at an actuarially determined rate in all Funds except the SACT. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the PERS and PFRS. In the PERS and PFRS, the employer contribution includes funding for post-retirement medical premiums.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Public Employees Retirement System (PERS)

At December 31, 2015, the County had a liability of \$200,412,716 for its proportionate share of the PERS net pension liability. The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on a projection of the County's long-term share of contributions to the pension plan relative to the projected contributions of all participating governmental entities, actuarially determined. At June 30, 2014, the County's proportion was 1.0704243556 percent, which was an increase/(decrease) of (0.00528364) percent from its proportion measured as of June 30, 2013.

Discount Rate

The discount rate used to measure the total pension liability was 5.39% and 5.55% as of June 30, 2014 and 2013, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 4.29% and 4.63% as of June 30, 2014 and 2013, respectively, based on the Bond Buyer GO 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2033, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate

The following presents the collective net pension liability of the participating employers as of June 30, 2014 respectively, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1 -percentage point lower or 1- percentage-point higher than the current rate:

The following presents the collective net pension liability of the participating employers as of June 30, 2014 respectively, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1 -percentage point lower or 1- percentage-point higher than the current rate:

NOTE 12. EMPLOYEE RETIREMENT SYSTEM, (continued)

County Retirement System

The System's designated purpose is to provide retirement allowances and other benefits to its members. The County of Passaic Employees' Retirement System was established on January 1, 1949 under Chapter 310, P.L. 1948 until 1966 when it became subject to Chapter 210, P.L. 1966. The Plan is a defined benefit plan covering employees of the County employed by the County prior to July 1, 1967. The System's Board of Commissioners is responsible for its organization and administration.

Vesting and Benefit Provisions - Participants are eligible to receive normal retirement benefits upon completion of 20 years of service and attainment of age 55, or upon completion of 35 years of service regardless of age. Benefits under the plan are calculated on the basis of 50% of salary. In addition, a member who has completed 25 years of service and attained age 55 is entitled to an additional 1% salary for each year of service over 25 years up to age 70.

Pension benefits partially vest after 20 years of credited service. If a member has completed 20 years of credited service and is separated from service either voluntarily or involuntarily prior to age 55, the member may elect to receive 100% of his/her total employee contribution without interest, or

- (i) A deferred pension commencing at age 55 equal to 50% of salary times the ratio of his/her service divided by the service he/she would have accrued at age 55.
- (ii) A pension to commence immediately equal to 50% of salary reduced on an actuarial equivalent basis for commencement prior to age 55.

If an active member dies, an annual survivorship benefit is payable to the member's surviving spouse, as long as he/she remains unmarried or to any minor children up to age 18. The death benefit payable is equal to 2 ½% of salary multiplied by the number of years of service. However, in no event will such annual survivorship benefit exceed 25% of the member's final compensation at the time of death, except for a \$2,500 minimum annual benefit. For members who were members of certain prior retirement systems, the annual survivorship benefit is equal to 50% of salary.

NOTE 12. EMPLOYEE RETIREMENT SYSTEM, (continued)

If a retired member dies, 50% of the member's pension (normal or disability) will be continued to the member's surviving spouse, as long as he/she remains unmarried, or to any minor children up to age 18. However, in no event will such survivorship benefit exceed 25% of the member's final compensation at the time of retirement, except for a \$2,500 minimum annual benefit. For members who were members of certain prior retirement systems, the annual survivorship benefit is equal to 50% of the member's final compensation at the time of retirement.

A surviving spouse will qualify for a death benefit if he/she married the employee before the member's retirement. Also, he/she must have married the employee before the member attained age 50 unless the employee continues in the employment of the County for at least five years after such marriage.

If an active member becomes permanently and totally disabled he/she is entitled to retire and receive a pension equal to 2 ½% of salary multiplied by the number of years of service up to a maximum of 20 years. However, if the disability is the result of injury, accident or sickness arising out of and in the course of employment, the pension will be equal to 50% of salary regardless of the amount of service. For members who were transferred from certain prior retirement systems, the pension is equal to 50% of salary regardless of the reason for the disability.

Contribution Policy - Each active member is required to contribute 6% of salary per annum. The County is required to contribute 10% of each active member's salary per annum, plus an addition 1% per annum in each succeeding fiscal year (cumulative) after 1966 until the actuary of the Plan certified to the County that the County's contributions, together with the contribution of the members and all Plan earnings, are sufficient to meet the liabilities of the Retirement System on a fully funded reserve basis. Pension payments to retirement employees and beneficiaries are adjusted each year by a percentage equal to 60% of the change in the Consumer Price Index. These pension increases are not to be included with the benefits that are refunded under this System, but rather are to be funded by the County by annual appropriations.

Pension Benefit Obligations

The actuarial present value of accumulated plan benefits, is that amount that results from applying actuarial assumptions, to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

NOTE 12. EMPLOYEE RETIREMENT SYSTEM, (continued)

The significant actuarial assumptions underlying the actuarial present value of accumulated plan benefits at December 31, 2013 are as follows:

Actuarial Assumptions

Interest Rate	5.0% compounded annually for pre and post retirement.
Mortality	RP2000 Gender specific table projected to the valuation year using scale AA (post retirement only)
Salary Scale	It is assumed that salaries will increase at 2.5% per year.
Cost of Living	Pension payments are assumed to increase 2% per year.
Load for Ancillary Benefits	None

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial valuation was performed as of December 31, 2013. Plan assets, as reported by the independent auditor's were \$27,983, while the liabilities were \$20,135,692, producing a deficit of (\$20,107,709) as of that date.

The valuation results are summarized below:

Number of Plan Members:		
Actives		\$ 0
Retired Members & Beneficiaries		<u>79</u>
Total		<u><u>79</u></u>
Present Value of Benefits:		
Active Members	\$ 0	
Retired Members	<u>20,135,692</u>	
Total		\$20,135,692
Plan Assets		<u>27,983</u>

NOTE 12. EMPLOYEE RETIREMENT SYSTEM, (continued)

Annual pension payments to retirees totaled \$2,387,713. The average payment was \$30,224. There are no anticipated additional potential payments (all potential members are in pay status). Pension payments are increased annually (after the first three years of retirement). The rate of increase is provided by the State Retirement Bureau. We have assumed an annual increase of 2.00% in our valuation. The aggregate total of future pension payments will decrease as a result of the death of any retirees or beneficiaries currently in pay status. The average age of the pensioners was 83.

Based on current and projected annual payments, it is recommended that the fund maintain at least \$2.35 million in liquid assets for the next five years.

The valuation was based on an assumed rate of return of 5.00%. The mortality assumption was changed from the 1994 GAR table to the RP2000 Gender specific table to account for mortality improvements. In our opinion, these assumptions are reasonable for valuation purposes.

If the assumed rate of return was 4.00%, the plan liabilities would be \$21,535,679, making the deficit (\$21,507,696). On the other hand, if the assumed rate of return was 6.00%, the liabilities would be \$18,999,730, and the deficit would be (\$18,971,747).

The last actuarial valuation performed for this plan was as of December 31, 2009. It included 109 retirees and 3 active participants. As of that date, plan assets were \$2,652,235 and plan liabilities were \$28,440,471 resulting in a deficit of (\$25,788,236). The valuation was based on an assumed rate of return of 5.00%.

NOTE 13. SELF-INSURANCE WORKMEN'S COMPENSATION PLAN

The County has established a workmens compensation plan for its employees. The County funds the entire cost of the plan. Claims are paid directly by the plan up to a maximum of \$300,000 for any one accident or occurrence, with any excess benefit being reimbursed through a Re-Insurance Agreement with Continental Casualty Corporation up to \$1,000,000 for any one accident or occurrence. The County has not created a loss reserve for claims incurred which were unpaid at December 31, 2015 and 2014. In addition, the County has not created a reserve for any potential unreported losses which have taken place but in which the County has not received notices or report of losses. The effect on the financial statements from these omissions could not be determined, but is probably material. A contingent liability exists with respect to reinsurance which would become an actual liability in the event the reinsuring company might be unable to meet their obligations to the County under existing reinsurance agreements. Exhibit B-9 summarizes the 2015 transactions of the plan.

The County has established a liability trust reserve for the purpose of funding payments that may arise from any general, auto or other liability claims against the County on a self-insured basis. The County funds the entire cost of the plan. Claims are paid directly by the plan up to a maximum of \$1,000,000 for any one accident or occurrence, with any excess benefit being reimbursed through a Re-Insurance Agreement with Coregis Insurance Company up to \$5,000,000 for any one accident or occurrence. The County has not created a loss reserve for claims incurred which were unpaid at December 31, 2015 and 2014. NOTE 15. SELF-INSURANCE HEALTH BENEFITS PLAN

The County has established a Health Benefits plan for its employees. The County funds the entire cost of the plan. Claims are paid directly by the plan up to a maximum of \$150,000 per employee per year, with any excess benefit being reimbursed through a Re-Insurance Agreement with Pacific Mutual Insurance Company up to \$1,000,000 per employee per year. The County has not created a loss reserve for claims incurred which were unpaid at December 31, 2015 and 2014. In addition, the County has not created a reserve for any potential unreported losses which have taken place but in which the County has not received notices or report of losses. The effect on the financial statements from these omissions could not be determined, but is probably material. A contingent liability exists with respect to reinsurance which would become an actual liability in the event the reinsuring company might be unable to meet their obligations to the County under existing reinsurance agreements. Benefits are paid directly from current fund budget appropriations.

NOTE 16. CLAIMS AND JUDGEMENTS

The County participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the County may be required to reimburse the grantor government. As of December 31, 2015 and 2014, significant amounts of grant expenditure have not been audited by the various grantor agencies but the County believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the County.

PenPac, Inc. v. Passaic County Utilities Authority, Docket No. PAS-L-2040-05 (Superior Court of New Jersey, Law Division — Passaic County) (Appellate Docket No. A-3861-06T3) (Certification Denied, New Jersey Supreme Court Docket No. 62,832); and,

PenPac, Inc. v. Passaic County Utilities Authority, Docket No. PAS-L-2615-08 (Superior Court of New Jersey, Law Division — Passaic County).

Determination of Underrecovery

From December 12, 1992 to approximately November 11, 1997, PenPac, Inc. (“PenPac”) provided solid waste transfer station services to the Authority pursuant to an interim rate, which was subject to eventual adjustment to account for over recovery by the Authority, or under recovery by PenPac. A Verified Petition in the administrative matter, which is the first case captioned above, was filed by the Authority on or about October 12, 1992 with DEP to establish the rates in question. Essentially, the Authority claimed that it was entitled to an over recovery in excess of \$5,000,000 from PenPac. PenPac in turn claimed that it was entitled to an under recovery in excess of \$20,000,000 (inclusive of interest) from the Authority. The administrative proceedings sought to establish a final rate for the transfer services in question for the years 1993, 1994, 1995 and 1996.

Hearings before an administrative law judge commenced in November, 1996 and concluded at the end of May, 1997. On April 12, 1999, the administrative law judge hearing the matter issued her Initial Decision, awarding approximately \$8,000,000 to PenPac as an under recovery for services rendered. The Initial Decision was a recommended decision, which was submitted to the Commissioner of the DEP for consideration and the issuance of a Final Decision.

On July 5, 2000, the Commissioner of the DEP issued his Summary Order memorializing the decision of the DEP. The Summary Order reduced the award to PenPac from the recommended award of \$8,000,000 to \$3,238,792. The Summary Order further provided that there would be no further rate proceedings for years after 1996. The Summary Order did not include a full list of findings of fact and conclusions of law, which were set forth in the Commissioner’s Final Decision. The Final Decision was appealed to the Appellate Division of the Superior Court by the Authority.

NOTE 19. LITIGATION, (continued)

The Appellate Division entered a decision affirming the DEP Commissioner's Summary Order awarding PenPac \$3,238,792, plus interest in the amount of \$256,313.00. The Appellate Division also remanded the matter to the DEP for a determination of rate underrecovery for that portion of calendar year 1997 during which PenPac provided transfer station services, and for a determination of the overall rate of interest on the entire award¹. Certification of that decision was sought to the New Jersey Supreme Court, and ultimately denied.

Entry of August 2005 Judgment and Post-Collection Efforts (1st of 2 PenPac Judgments)

PenPac thereafter filed a Complaint in Superior Court, captioned PenPac, Inc. v. Passaic County Utilities Authority, Docket No. PAS-1-2040-05 (Superior Court of New Jersey, Law Division - Passaic County, the second case listed above), seeking to have the administrative underrecovery decision, as affirmed by the Appellate Division, reduced to a judgment in the Superior Court. On August 15, 2005, the Passaic County Superior Court entered a judgment against the Authority in the amount of the Commissioner's Decision, as affirmed, plus interest (total judgment amount of \$3,495,105).

Since the entry of the August 15, 2005 judgment in PenPac's favor², PenPac has engaged in various efforts to enforce the judgment and collect upon it from the Authority (and, as of 2012, against the County of Passaic as well - see *infra*). As a result of the Authority's financial condition, including the amount of outstanding debt, its inability to generate operating revenues in the wake of the judicial rulings in Atlantic Coast Demolition & Recycling, Inc. v. Atlantic County Bd. Of Chosen Freeholders, 112 F.3d 652 (3d Cir. 1997), amended, 135 F.3d 891 (3d Cir. 1998) (the "Atlantic Coast" decisions) and its obligations to the Authority's bondholders, the Authority has consistently taken the position that its limited

¹ On remand, the NJDEP determined that PenPac was entitled to an additional \$1.3 million of underrecovery for services rendered for portions of calendar year 1997, as well as for interest on the overall award (the "Remand Award"). The Remand Award was reduced to judgment on March 5, 2009 in the third matter listed above, PenPac, Inc. v. Passaic County Utilities Authority, Docket No. PAS-L-2615-08 (Superior Court of New Jersey, Law Division - Passaic County). Post-judgment efforts are ongoing, primarily and directly, against the County of Passaic at this time, discussed *infra*. Nonetheless, the unsatisfied portion of both judgments remain obligations of the Authority, despite its financial condition and regardless of collection efforts against the County.

² As well as since the entry of the Remand Award in 2009 constituting the Second Judgment against the Authority.

monetary assets are pledged to the bondholders and should be applied to reduce debt service. Therefore, the Authority has maintained that PenPac's judgment for underrecovery may not be satisfied out of the Authority's monetary assets. The Authority has argued consistently in State court that State law clearly provides that the assets of a county or municipal utilities authority are exempt from levy and execution, and are otherwise pledged to its bondholders in either event. They are not available to satisfy unsecured judgment creditors. Stated simply, the Authority has argued that its assets are pledged to the superior priority of the bondholders, and are not subject to seizure by an unsecured judgment creditor such as PenPac.

Nonetheless, PenPac, as part of its collection efforts, in the Fall of 2006 made an application to the Superior Court for mandamus relief to compel the Authority to pay the judgment from its available monetary assets, or to otherwise provide for payment. The Authority resisted that application, and opposed it for the reasons set forth in the previous paragraph, focusing largely on the pledge of monetary assets first and foremost to the Authority's bondholders. The Court granted the relief sought by PenPac as a threshold matter, and thereafter held a plenary hearing on January 3-4, 2007 to establish the extent of the Authority's known assets, and the degree to which they are pledged to bondholders as argued by the Authority, or otherwise were potentially available to pay PenPac's 2005 Judgment. The Authority argued that PenPac was precluded from levying against the assets of the Authority, or otherwise obtaining an order to compel payment of the August, 2005 judgment from those assets. After the January, 2007 hearing, during which evidence and testimony were taken with respect to the Authority's assets and financial condition, the Court reserved decision.

March 12, 2007 Order Directing Turnover and Assignment of Assets to PenPac

On March 2, 2007, the Court issued a written opinion, which ordered the implementation of mandamus relief by way of ordering the Authority to 1) turnover \$701,230.41 in Bank of New York accounts to PenPac; 2) to turnover \$1,702,220.84 in Bank of America accounts to PenPac; and 3) to assign all future income derived from the Passaic Investors mortgage receivable, held by the Authority, to PenPac. That decision was memorialized by Order entered on March 12, 2007. The March 12, 2007 Order effectively transferred all of the Authority's known monetary assets to PenPac, excepting only certain Bank of New York accounts associated with the Authority's active and outstanding 1999 and 2004 Series Bonds (as well as any account associated with an active bond issue, such as the 2008 Bonds), which the trial court found were validly pledged to the bondholders and thus not subject to turnover. The rest of the assets were found to be free and available to satisfy PenPac's Judgment.

NOTE 19. LITIGATION, (continued)

The Authority authorized appeal of this decision first to the Superior Court Appellate Division (which affirmed), and then to the New Jersey Supreme Court. The New Jersey Supreme Court refused to grant Certification to hear the case, rendering the trial court's March 2007 determination final as of September 5, 2008. At that point, the stay of the trial court's decision was dissolved.

Compliance with the March 12, 2007 Order of the Trial Court: Turnover of Assets and Assignment of Mortgage Receivable Income

As a result of the finality of the March 12, 2007 Mandamus Order by exhaustion of available appellate review, the Authority adopted a resolution at a special meeting held on September 25, 2008 to comply with the terms of that Order, and; 1) turned over \$701,230.41 in bondholder restricted Bank of New York accounts to PenPac; 2) turned over \$1,702,220.84 in allegedly unrestricted Bank of America accounts to PenPac; and, 3) assigned all future income derived from the Passaic Investors mortgage receivable, held by the Authority, to PenPac³.

Future of PenPac Litigation - Collection Efforts directly against County of Passaic

As noted above, the Remand Award was also reduced to judgment in the amount of approximately \$1.3 million on March 5, 2009 in the third matter listed above, **PenPac, Inc. v. Passaic County Utilities Authority**, Docket No. PAS-L-2615-08 (Superior Court of New Jersey, Law Division — Passaic County). PenPac, is still owed payment by the Authority with respect to the balance due on the 2005 judgment, and the entire 2009 Remand Award judgment. What is outstanding does not include post-judgment interest, which accrues pursuant to the New Jersey Rules of Court.

In 2010, PenPac undertook limited, additional post-judgment discovery against the Authority. However, no additional assets were discovered or found (as expected in the light of the 2008 turnover of assets), and no additional post-judgment activity has been taken against the Authority since. None is imminently anticipated.

NOTE 19. LITIGATION, (continued)

In 2011, PenPac brought a direct legal action against the County of Passaic to collect on these Judgments. Since the Authority has no available assets, PenPac's collection efforts naturally turned to the County of Passaic - as had been long anticipated. PenPac's lawsuit had asserted various legal theories under which it maintained the County is responsible for the Judgments - contractual debts of the Authority - despite the absence of direct contractual privity with the County. Among them was a theory that the Authority should be dissolved by *de facto* merger with the County of Passaic, and all of its debts assumed by the County - including the PenPac Judgments. That suit was captioned PenPac, Inc. v. County of Passaic, Docket No. PAS-L-2635-11, and was brought in the Superior Court in Passaic County. The County had retained outside, separate counsel to defend against that action.

After discovery, in August of 2012 both the County and PenPac moved for summary judgment. The parties fully briefed the issues in the case - including notably, the inability of the courts to independently dissolve a county utilities authority subject to State oversight, which has outstanding debt. Oral argument was heard in that case on October 23, 2012, on both summary judgment motions. On October 25, 2012, Judge Chiocca in Passaic County dismissed all Counts of PenPac's action against the County for the reasons delivered in an oral opinion.

PenPac then appealed that dismissal to the Appellate Division of the Superior Court. After a full briefing of the issues by both Parties, the Appellate Division, by written decision issued on December 27, 2013, affirmed the trial court's dismissal of the action against the County in its entirety. The Appellate Division found that there was no indication that the County had assumed the PenPac Judgments as a matter of law.

On or about January 28, 2014, PenPac petitioned the New Jersey Supreme Court for a grant of certification to review the December 27, 2013 decision of the Appellate Division. That application remains pending at this time.

2. Brown et. al. v. County of Passaic

On February 25, 2010, Plaintiffs (seven former investigators employed by the Passaic County Prosecutors Office) filed a Two Count Complaint against the County of Passaic and James F. Avigliano, as Passaic County Prosecutor in the Superior Court of New Jersey, Passaic Count. Plaintiffs alleged they were forced to retire or terminated because of their age in violation of the New Jersey Law Against Discrimination (LAD). The Second Count

of Plaintiffs' Complaint was dismissed by the Court on Defendants' Motion to Dismiss and one Plaintiff voluntarily withdrew his claims. With respect to the remaining six Plaintiffs, the matter proceeded through discovery to trial. On July 12, 2012, the jury returned a verdict in favor of the Plaintiffs in the total amount of \$3,812,600 (including punitive damages). Defendants appealed, and on June 6, 2014, the Appellate Division affirmed the jury's verdict, but reduced slightly the award of attorneys' fees, rendering Defendants liable for \$3,724,043.50. As a prevailing party, Plaintiffs are also entitled to their attorneys' fees incurred on appeal, however, Plaintiffs' counsel has not yet made that application. Defendants are evaluating whether to appeal to the New Jersey Supreme Court.

3. Wichot matter: Wichot v. Berdnik, et al.

This matter was filed by Gregory and Barbara Wichot, on behalf of their legally incapacitated son, Jeffrey Wichot, alleging defamation, intentional infliction of emotional distress and tortious interference with a prospective economic advantage against Sheriff Richard Berdnik, Captain Weston, and Press Officer, William Maer. In March 2013, Defendants succeeded in dismissing all claims.

Plaintiff was one of 9 adults and 5 minors arrested and charged with possession and distribution of child pornography as a result of "Operation Minor Traffic" – a large sting by the Passaic County Sheriff's Department. The State made an application to dismiss the charges against Plaintiff due to his mental incapacity, which was granted on September 21, 2011. On September 27, 2011, a press conference was held where the image, name and township location for each adult arrestee was provided and a statement made that: "all charges remain pending final disposition in the Superior Court.

Plaintiff alleges that this statement was false, as the charges against him had already been dismissed, and that as a result, he was purportedly attacked in a parking lot, his employment with the Township of Wayne was terminated and he suffered embarrassment, loss of friends, and an inability to obtain or maintain new friendships with his peers.

4. Rivera v. Passaic County, Dep't of Planning.

Mr. Rivera was a Housing Assistant Technician who was terminated on December 29, 2010. He was terminated for incompetency; inability and failure to perform duties; conduct unbecoming a public employee and neglect of duties. Mr. Rivera failed to show for various inspections, submitted incorrect information on forms and inadequately performed inspections over a period of time. He appealed his termination through the Civil Service

Commission. The matter proceeded through several days of hearing before an Administrative Law Judge. The Administrative Law Judge overturned the termination and issued a 90 day suspension, which included back pay. Exceptions were filed to the Civil Service Commission and the Commission increased the suspension to 120 days. The parties are negotiating the back pay component of the decision.

5. Saunders v. A.H. Environment, et al.

1. The nature of the litigation:

The plaintiff, Saunders, a former Superior Court Judge alleges exposure to asbestos at the main Passaic County Courthouse, which he claims caused plaintiff to develop lung cancer.

a. The Proceedings: Amos Saunders and Janet Saunders v. A.H. Environment, et al., Docket No. MID-L-3368 13AS, Superior Court, Law Division.

b. The Claims Asserted – Plaintiff, Amos Saunders, is a retired Superior Court Judge who sat in the main Passaic County Courthouse from 1981-2000. This courthouse underwent asbestos remediation in 1983. The plaintiff also testified that prior to becoming a judge, he would be in the main courthouse several times a week since 1959 as an attorney. He was diagnosed with lung cancer, or possibly mesothelioma. Passaic County is charged with negligence for allegedly waiting for an unreasonably long period, after acquiring knowledge of the danger of asbestos to evacuate the building and to hire a contractor (A.H. Environment Inc., now bankrupt) to remediate the asbestos in the courthouse. Saunders also alleges that the contractor negligently performed remediation work causing further asbestos exposure. A co-defendant of the County, Alaimo Group, an engineering firm, is alleged to have been negligent in drawing up the specifications for asbestos abatement project, and in overseeing the remediation work.

2. The progress of the case to date:

The deposition of the plaintiff was taken on April 11, 2014. Pre-trial discovery is continuing.

NOTE 19. LITIGATION, (continued)

3. How the County of Passaic is responding to the litigation:

The County is defending the claims on the merits, with the primary objective of favorably influencing settlement negotiations. A defense medical causation expert has been retained. Additional defense experts, including an expert economist qualified to address the plaintiff's loss of income claim and an industrial hygienist with expertise regarding permissible levels of asbestos in buildings at the relevant timeframes. A summary judgment motion will be made at the conclusion of discovery, seeking dismissal without trial, although such motions are rarely granted.

4. (i) Likelihood of an unfavorable liability outcome:

Summary judgment is unlikely to be granted given the fact sensitive nature of the claim. Juries in Middlesex County have returned substantial awards to asbestos claimants with ultimately fatal asbestos-related illnesses such as that claimed by plaintiff here. It is probable the County of Passaic will be allocated a substantial portion of liability by a jury should the case go to trial, given the centrality of the Courthouse, the County's property.

4. (ii) Estimation of Range of Loss/Exposure:

New Jersey jury verdicts in asbestos exposure cases have been sustained on judicial review in a range as high as five million dollars where supported by the kind of evidence that discovery to date shows plaintiff here will probably be capable of producing at trial. While legal defenses avoiding trial are being asserted, including defenses of statutory immunities, under the totality of circumstances, there is a probability that, absent settlement, a multi-million dollar, sustainable jury award will be returned against the Court. At this juncture, with discovery still incomplete, it is not possible to provide a more specific estimate of the range of exposure with a reasonable degree of certainty.

The plaintiffs were laid off pursuant to the New Jersey Civil Service Act under the mass lay-off of 2008. However, they were never re-hired, for a number of reasons.

Thereafter, Civil Service ordered that the plaintiffs be reinstated, and the Department requested that they fill out re-employment applications. The plaintiffs had refused to fill out those applications, and we are not involved in litigation at the Federal Court Level.

This is a very dangerous situation, because it is a winner-take-all scenario. If the jury or a Court determines that these three individuals were not properly re-hired, they will be entitled to back wages for calendar years 2009, 2010, 2011 and 2012, which would include health benefits and pension contributions. In addition, they could possibly be entitled to additional compensatory damages as well as possibly punitive damages. This matter is currently listed for arbitration. This matter is currently listed for arbitration in the latter part of August 2014.

In light of the substantial back wage component to this case (for each of the plaintiffs), it is respectfully requested that a reserve for Three Million Dollars (\$3,000,000.00) be placed on this matter.

**7. Cedestino Malave, William Malave and Elvin Sanchez v. Laura B. Freytes as Passaic County Superintendent of Elections and the County of Passaic
U.S. District Court, District of New Jersey, Docket No. 2:11-CV 3393-FSH-PS.**

Plaintiffs, Cedestino Malave, William Malave, and Elvin Sanchez, filed a complaint against the Passaic County Superintendent of Elections, Laura B. Freytes (the "Superintendent"), and the County of Passaic, in federal district court on June 13, 2011 under docket no. 2:11-CV 3393-FSH-PS. On December 26, 2012, Plaintiffs' federal court action was dismissed by the Honorable Faith S. Hochberg, United States District Judge, pursuant to Fed. R. Civ. P. 12(b)(6) for failure to state a claim upon which relief can be granted.

Plaintiffs, thereafter, filed a complaint in state court against Defendants, Laura Freytes and the Passaic County Superintendent of Elections, on January 23, 2013 under docket no. PAS-L-304-13. Defendants/Third-Party Plaintiffs filed an Answer and Third-Party Complaint against the Third-Party Defendants, the County and the State of New Jersey (the "State"), on or about March 11, 2013 which served on the County on March 21, 2013. In their Third-Party Complaint against the County and the State, the Superintendent Defendants asserted a claim for contribution and indemnification.

NOTE 19. LITIGATION, (continued)

During the pendency of the federal court action, Defendants, Laura Freytes and the Passaic County Superintendent of Elections, had already made a request for indemnity, contribution, insurance and defense to the State of New Jersey Office of the Attorney General. This request was denied by the Attorney General's Office as a final administrative decision on July 25, 2013. The Superintendent Defendants timely appealed this decision and that appeal is currently pending before the Appellate Division under docket no. A-005807-12T2.

The County and the Superintendent Defendants filed R. 4:6-2 motions to dismiss the Plaintiff's state court complaint before the Law Division based on, among other things, the collateral estoppel doctrine, the statute of limitations, and failure to state a claim upon which relief can be granted. The trial court granted the County's Motion to Dismiss Plaintiff's complaint on August 29, 2013. The court also dismissed the Third-Party Complaint filed by the Superintendent Defendants by order, dated December 23, 2013, due to the Superintendent Defendants' pending appeal of the Attorney General's July 25, 2013 final administrative decision. Following the dismissal of their state court complaint, Plaintiffs' filed an appeal to the Appellate Division, which is currently pending under docket no. A-000831-13T2.

The County filed a motion to intervene in the Superintendent's appeal of the State's administrative agency decision, bearing docket no. A-005807-12T and a motion to consolidate that appeal with the Plaintiffs' appeal of the trial court's dismissal of their action, under docket no. A-000831-13. Both motions were granted on January 14, 2014. After multiple requests by Plaintiffs and the Superintendent for extensions of the briefing schedule, all parties' briefs were submitted to the Court by October 17, 2014. To date, the Appellate Division has not yet issued a decision on these appeals.

8. Lamont W. Garnes and Robert A. Klein v. Passaic County and the Passaic County Sheriff's Department

Docket No. PAS-L-56-10; A-2186-12. (Please note, individual Defendant and former Sheriff Jerry Speziale was originally named as a defendant but later dismissed on the first day of trial).

By way of brief background, this matter, which involved an allegation of employment discrimination under the New Jersey Law Against Discrimination ("LAD") was initiated in by Complaint in April 2010. On May 23, 2012, after approximately four (4) weeks of trial, the Jury in this matter returned a verdict of No Cause with regard to Plaintiff Garnes. However, the Jury found in favor of Plaintiff Klein that he was improperly laid off from his

position with the Sheriff's Department on January 1, 2008, and awarded him \$159,400.00 in back pay and \$18,300.00 in pension losses. All other claims of damages were rejected by the Jury.

Plaintiffs subsequently moved for attorney's fees as "prevailing parties" under the LAD and were awarded, over Defendants' objection, \$407,052.44 in attorney's fees and costs. Plaintiff Klein was awarded \$18,279.00 to offset the tax consequences of his award, and \$14,890.60 in pre-judgment interest, for a **total award of \$617,922.04**. Plaintiff Garnes did not appeal the jury verdict, but Plaintiff Klein appealed from the final judgment, seeking additur, and the County cross-appealed, seeking to dismiss of the Complaint or, alternatively, reduce the award of attorney's fees and costs.

On October 24, 2014, the Appellate Division denied the County's appeal and affirmed the trial court's award in a published opinion. Upon conferring with County Counsel, it was determined that further appeal was unlikely to benefit the County and the County entered into a stipulation with Plaintiff Klein on November 21, 2014, to pay \$671,191.81 in satisfaction of the judgment, which included post-judgment interest and appellate counsel fees. That amount was paid to Plaintiff Klein by the County on December 12, 2014.

9. Woolridge v. The County of Passaic, et al

This case has a very unusual, convoluted and tortured prior history.

Without repeating the same, please note that the County of Passaic entered into an agreement with the plaintiff to settle this case in September of 2010, for the amount of \$100,000.00. After settling the case, the plaintiff, Darren Woolridge (a former Sheriff's Investigator), refused to sign the release papers relative to this matter.

As such, the case had been in limbo until July 26, 2012, when the plaintiff filed a Notice of Motion to revoke the prior settlement, and to reinstate the case for a trial on the merits. That motion was heard by a Judge at the Superior Court (Bergen County) on September 28, 2012, and denied by the Court.

Therefore, we are not awaiting as to whether or not, the plaintiff will proceed with the filing of another action – which he threatened in February of 2014.

10. Garcia v. Speziale, et al

This is the second installment of lawsuits advanced by Felix Garcia, a former Warden at the Passaic County Jail and former Republican candidate for Sheriff.

He now claims that the Sheriff refused to sign his gun permit application, as an act of political retaliation. This statement is ridiculous and has no merit.

However, the new nuisance value for federal employment litigation is \$100,000.00. The Federal Magistrate who is currently handling this matter is also Judge Mark Falk who has again placed a settlement value on this matter of \$100,000.00.

However, the plaintiffs are demanding \$1,000,000.00. As such, we should please a reserve on this file of \$500,000.00.

11. Darrell Walton v. Charles Meyers and P.C.S.D.

This matter involves the lawsuit of Darrel Walton, relative to his transfer from the Detective Sergeant in the Internal Affairs Division, to Detective Sergeant in the detective bureau. He claims that his transfer was politically motivated, because he was weeding out corruption in the Passaic County Sheriff's Department and voter fraud, involving the election of November 2010. To date, we have been able to minimize the allegations advanced by the plaintiff. This matter is also venued in the Federal District Court of New Jersey (Newark). This matter is before the Honorable Cathy Waldor, who is the Magistrate Judge. Her Honor has stated that this is a case that has a potential value of \$150,000.00, inclusive of legal fees. As such, we can state that this is another matter, wherein the Federal District Court has placed their nuisance value moniker on federal employment litigation.

12. Basilis Stephanatos v. Wayne Township and the County of Passaic

This matter is another matter that involves a ridiculous set of facts and circumstances, wherein the plaintiff refused to pay the school tax portion of his tax bill for a very lovely home in Wayne Township. After ten years, the Township of Wayne foreclosed on the property and the home was sold at a Sheriff's sale. When the Sheriff's Department arrived to evict the plaintiff (with proper notice), he approached the doorway with a gun and a standoff occurred. Thereafter, he surrendered peaceably, however was charged with several criminal acts, and his underlying action led to the disability of a Sheriff's Officer.

The plaintiff's criminal charges are still pending, however, he has filed a federal civil rights lawsuit against the Township of Wayne, the County of Passaic, the State of New Jersey, and a plethora of other individuals. He has placed a one hundred million dollar value on his case and attributes the Passaic County Defendants portion of damages to be twenty million dollars.

We think the plaintiff's assessment in this matter is absolutely absurd and we have filed a motion to dismiss, which is currently pending. Please note that discovery has not occurred in this matter. No value can be placed on this matter – at this time. However, for purpose of reserves, we suggest a reserve of \$100,000.00 – be placed on this matter.

13. Guisseppi Iudici v. Passaic County Sheriff's Department

In this matter, the plaintiff was arrested by the Passaic County Sheriff's Department warrant squad for an outstanding child support debts.

During the arrest, the plaintiff became combative and additional criminal charges were filed against him. Plaintiff contested those criminal charges, which were dismissed in a Municipal Court. At this time, the plaintiff has instituted this litigation, and has made a demand of \$250,000.00 for settlement which was recently increased to \$500,000.00

For purposes of our reserve, we would state that we should place \$250,000.00 of value on this matter, keeping in line with the Federal Court's current nuisance evaluation on cases of this type.

14. Richard Vieira v. County of Passaic

This is a matter which is currently venued in the Federal District Court of New Jersey, and is an employment litigation matter. In this instance, the plaintiff states that he has been retaliated against, because of political animus by his supervisors, which is a common theme in many of the current pending matters. In addition, the plaintiff's current attorney represents many plaintiffs that have other federal matters pending.

Since this matter was just filed, it is too early to place any value on this case.

However, in keeping with the Court's assessment of matter on the federal district level, we should state that it has a value of \$250,000.00. For extra protection, we should place a reserve on this matter of \$500,000.00.

15. Terrance Robinson v. Oscar Ivles

This is a very bizarre case, which involves the plaintiff's lawsuit against five different police departments and three different correctional institutions, involving a plethora of issues that the plaintiff has had with various agencies.

The County of Passaic was recently implead into this matter, after 4 prior complaints were filed. Based upon all of the foregoing, it is almost impossible to place a value on this case at this time, because there are over seven thousand pages of discovery that were previously exchanged. We have not yet reviewed those materials, and are in the process of compiling an index of those documents.

However, this matter involves the plaintiff's allegations of sexual abuse and assault, while he was allegedly a prisoner at the Passaic County Jail, as well as beatings that he claims he incurred at the hands of inmates and officers.

This matter has the potential to be expensive due to the fee shifting nature of the matter, and the manner in which the plaintiff's attorneys are litigating this matter. For reserve value, we should place a value of \$450,000.00 on this matter.

**19. Harmon vs. County of Passaic
Docket No. PAS-L-3269-13**

The Plaintiff, Sandra Harmon, alleges to have fallen on an uneven surface on the landing in front of 401 Grand Street on December 12, 2012. The injuries alleged include fracture of the left foot and soft tissue injuries to her side, back and knees. The original Notice of Claim claimed the damages to be in the amount of \$2,000,000.00.

Presently discovery is underway. To date, paper discovery has been exchanged and the deposition of the Plaintiff has been concluded as well as that of the Passaic County Engineer. There is another deposition which Plaintiff intends to take which should take place during the next few weeks.

Obviously, the damages claimed in the Notice of Claim are ludicrous. We are presently awaiting documentation on any lost wage claim being asserted as well as any out of pocket expenses. Once this information is received, we will be in a better position to evaluate the claim. One of the defenses in this case is the fact that an incident report prepared on the date of the incident had the fall occurring in a different location. The Plaintiff has explained this away as saying the reporting officer was mistaken when he filled out the report. Plaintiff does present herself as a good witness however, the injuries I believe will be limited.

20. Papendick vs. County of Passaic

The claims asserted by the plaintiffs in this case are essentially that employees of Passaic County and Sheriff's Department, inclusive of Warden Michael Tolerico and Sheriff Richard Berdnik did not properly diagnose and treat the underlying psychiatric/medical condition of the deceased Thomas Carl Papendick and as a result, Mr. Papendick hung himself on December 1, 2012 while he was incarcerated at the jail. The plaintiffs also allege that the deceased was negligently left unsupervised; there was a denial of his civil rights under 42 U.S.C. §1983 and 1985; there was a failure to train various agents, servants or employees of the County.

As of this date, all parties have answered interrogatories; voluminous documentation has been exchanged between the parties; and currently various depositions are being scheduled. It is the intention of the County of Passaic to vigorously defend the underlying litigation. As of this juncture, there have been no discussions whatsoever concerning any out-of-court settlement.

It is still much too premature to make any determination as to the potential outcome of this case or make estimation as to the range of any potential loss. Once all the depositions are completed, then, it's quite possible, that an appropriate estimate can be made.

21. Crump vs. County of Passaic

This matter involves complex litigation and a potential class action lawsuit. Plaintiff Jeremy Crump commenced this action, individually and on behalf of a class of others similarly situated, on April 11, 2014, alleging upon information and belief, that it is defendants' written policy to strip search "all individuals who enter into the custody of Passaic County Jail and are placed into jail clothing, regardless of the nature of their charged crime and without the presence of reasonable suspicion to believe that the individual was concealing a weapon or contraband." Crump claimed a deprivation of his rights under the United States Constitution in violation of 42 U.S.C. Sections 1981 and 1983, under the New Jersey Constitution, the New Jersey Civil Rights Act, and the New Jersey Strip Search statute. The complaint sought both compensatory and punitive damages.

NOTE 19. LITIGATION, (continued)

It is difficult at this time to evaluate the outcome of this case as well as to estimate the amount or range of potential damages for many reasons including, but not limited to, the fact that no class has yet been certified and the fact that plaintiff's federal claims may be dismissed thereby encouraging the federal district court to decline jurisdiction - - which would necessitate plaintiff re-filing the matter in state court. Notwithstanding same, plaintiff's counsel has instituted other cases against many of the County jails in the State of New Jersey with settlements among them as follows: Camden County - \$7.5 million dollars in 2005; Cumberland County - \$4.5 million dollars in 2006; Mercer County - \$1.8 million dollars in 2006; Salem County \$640,000.00 in 2007; and Gloucester County - \$4 million dollars in 2009. Generally attorneys' fees of about 30% are added to settlement amount. There are no reported verdicts in this type of case in New Jersey.

NOTE 20. ARBITRAGE REBATE

The County sometimes temporarily reinvests the proceeds of its tax-exempt debt in higher yielding taxable investments which is referred to as arbitrage by the federal tax code. In certain situations, the County is permitted to keep the extra earnings that result from arbitrage. Otherwise, any excess earnings resulting from arbitrage must be rebated to the federal government. Federal law requires that arbitrage be calculated and rebated at the end of each five-year period that tax-exempt debt is outstanding.

The County engaged Public Financial Management (PFM) to perform an arbitrage rebate calculation for the period July 1, 1999 to December 31, 2003. Their report date, March 24, 2005, shows that the County owed a rebate of \$491,545 to the Federal Government.

The County has engaged Public Financial Management (PFM) to update the arbitrage rebate calculation but the report is not available for the audit.

NOTE 21. RISK MANAGEMENT

The County is exposed to various risks of loss related to general liability, automobile coverage, damage and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has obtained insurance coverage to guard against these events which will provide minimum exposure to the County should they occur. During the 2015 calendar year, the County did not incur claims in excess of their coverage and the amount of coverage did not significantly decrease.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Board of Chosen Freeholders
County of Passaic
Paterson, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements-regulatory basis of the County of Passaic in the State of New Jersey as of and for the year ended December 31, 2015 and the related notes to the financial statements, and have issued our report thereon dated May 4, 2016, which was adverse due to being presented in accordance with New Jersey regulatory basis of accounting.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements-regulatory basis, we considered the County of Passaic's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements-regulatory basis, but not for the purpose of expressing an opinion on the effectiveness of the County of Passaic' internal control. Accordingly, we do not express an opinion on the effectiveness of the County of Passaic' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

The Honorable Board of Chosen Freeholders
County of Passaic
Page 2.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

We did identify certain immaterial deficiencies in internal control that we have reported to management of the County of Passaic in the accompany comments and recommendations section of this report.

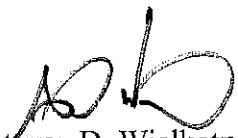

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County of Passaic' financial statements-regulatory basis are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

However, we noted certain immaterial instances of noncompliance that we have reported to the management of the County of Passaic in the accompanying comments and recommendations section of this report.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County of Passaic internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County of Passaic internal controls and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE AS REQUIRED BY THE UNIFORM GUIDANCE AND N.J. OMB CIRCULAR 15-08

The Honorable Board of Chosen Freeholders
County of Passaic
Paterson, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited the County of Passaic in the State of New Jersey compliance with the types of compliance requirements described in the OMB Compliance Supplement and N.J. Office of Management and Budget (OMB) Circular 15-08 Compliance Supplement that could have a direct and material effect on each of its major federal and state programs for the year ended December 31, 2015. The County of Passaic's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County of Passaic's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and N.J. OMB Circular 15-08. Those standards, the Uniform Guidance and N.J. OMB Circular 15-08 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about the County of Passaic's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination on the County of Passaic's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the County of Passaic complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended December 31, 2015.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with OMB Compliance Supplement and New Jersey OMB Circular 15-08 and which are described in the accompanying schedule of findings and questions costs as items 2015-001 to 2015-003. Our opinion on each major federal and state program is not modified with respect to these matters.

The County of Passaic's responses to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County of Passaic's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control Over Compliance

Management of the County of Passaic is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County of Passaic's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal and state program to determine our auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance with the Uniform Guidance and N.J. OMB Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County of Passaic's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a

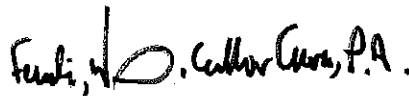

reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and N.J. OMB Circular 15-08. Accordingly, this report is not suitable for any other purpose.

**COUNTY OF PASSAIC
GENERAL COMMENTS AND RECOMMENDATIONS
FOR THE YEAR ENDED DECEMBER 31, 2015**

GENERAL COMMENTS

Contracts and Agreements

N.J.S.A. 40A:11-3 states:

- a. When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution, as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L. 1971, c.198 (C.40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.
- b. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to subparagraph (i) of paragraph (a) of subsection (1) of section 5 of P.L. 1971, c.198 (C.40A:11-5) may be awarded for a period not exceeding 12 consecutive months. The Division of Local Government Services shall adopt and promulgate rules and regulations concerning the methods of accounting for all contracts that do not coincide with the contracting unit's fiscal year.
- c. The Governor, in consultation with the Department of the Treasury, shall no later than March 1 of every fifth year beginning in the fifth year after the year in which P.L. 1999, c.440 takes effect, adjust the threshold amount and the higher threshold amount which the governing body is permitted to establish, as set forth in subsection a. of this section, or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in section 2 of P.L. 1971, c.198(C.40A:11-2), and shall round the adjustment to the nearest \$1,000. The Governor shall, no later than June 1 of every fifth year, notify each governing body of the adjustment. The adjustment shall become effective on July 1 of the year in which it is made.

N.J.S.A. 40A:11-4 states:

- a. Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act of specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder.

**COUNTY OF PASSAIC
GENERAL COMMENTS AND RECOMMENDATIONS
FOR THE YEAR ENDED DECEMBER 31, 2015
(continued)**

Effective July 1, 2010, the bid threshold, in accordance with N.J.S.A. 40A:11-3 and 40A:11-4 (as amended) is \$26,000 and with a qualified purchasing agent the threshold may be up to \$36,000. On January 27, 2008, the County increased the bid threshold to \$36,000 as allowed by law for having a qualified purchasing agent.

The governing body of the County has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the County Counsel's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

- West Milford Salt Storage Project
- Main Street Drainage Replacement in the Borough of Bloomingdale
- Passaic County John Rea House Roof Replacement Project at Goffle Brook Park
- Passaic County's Prosecutor's Office New Fencing and Parking Lot Renovations
- 2015 Road Resurfacing Project Upper County
- 2015 Road Resurfacing Project Lower County
- Passaic County Sheriff's Headquarters New Generator-Electrical Components and Support
- Passaic County Administration Building Roof Repair and Replacement
- Rehabilitation of Structure No. 1600-476 Crosby Avenue
- Replacement of Kingsland Road Bridge over Third River
- Replacement of the Clinton Road Bridge over Mossman's Brook
- River Boulevard Drainage Pipe Lining Project
- County-wide On-call Drainage System Repairs
- West Milford Salt Storage Project
- Replacement of Eight Street Bridge over Passaic River
- Replacement of Culvert No. 1600-184 Colfax Avenue over Acid Brook
- Weasel Brook Park Improvements
- Passaic County Camp Hope New Concrete Pad and Utilities for Future Pavillion

Resolutions were adopted authorizing the awarding of contracts and agreements for "Professional Services" N.J.S. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any material or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violation existed. No violations were disclosed.

Our examination of expenditures did not reveal any individual payments, contracts or agreements in excess of the statutory threshold "for the performance of any work or the furnishing or hiring of any materials or supplies," other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S. 40A:11-6.
