First let me make it clear I am NOT physically at Preakness. However, I need to praise the management especially Mrs. Lucinda Corrado and her amazing staff.

2 weeks ago my family and I were informed my parents were exposed to COVID19. They were immediately placed in quarantine and monitored daily. My sister and I kept in contact with the facility on a daily basis. Thankfully today on day 14 of quarantine I can say my parents show no signs or symptoms. With all the negative publicity healthcare facilities are getting lately I needed to share our story. Are my parents 100% out of the woods? No one is completely out of the woods in our environment. But Preakness is doing everything they can physically do to make sure our loved ones remain safe.

My family is grateful to the staff and will remain praying for the residents, management and staff.

Thank You Preakness for caring for our parents and all the other residents.

Thank you so much!

I just felt the need to send this email to let you and all the staff at Preakness know how very thankful I and my family are to have all of you very special and loving staff at Preakness taking care of my mom and all the residents.

I have always felt so at home when visiting with my mom because all of you made us feel so at ease and secure with our families there.

Again, I cannot express enough how very thankful we are to have you taking care of my Mom, Virginia Leidy. Staff of 1-400 thank you so much!

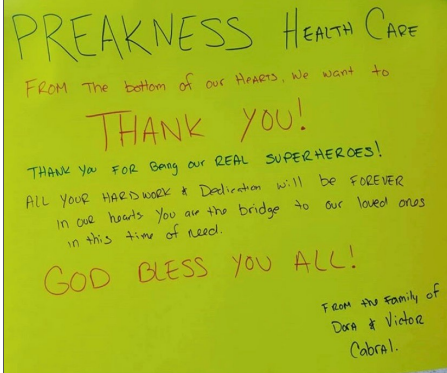

To all of you may you all be blessed with the strength and health that you are so deserving of! My prayers go out to everyone of you and your families!

Stay well and be safe ❤️❤️❤️❤️❤️

With much appreciation,

the_lomo_truck I couldn't even drop this off to them because it's too risky they said. If anyone knows someone who works at Preakness, please tag them or show them this.

I want to extend my heartfelt thanks to you and all the dedicated staff at Preakness Healthcare Center. I know the past weeks have been extremely difficult dealing with Covid-19. While it's been hard for all of us, I can find solace knowing that my mother is being well taken care of. I will forever be grateful for all the courage and commitment everyone there has shown everyday.

My family also wants to thank you for taking time out of your day to allow us FaceTime with our mother. It means so much for us to be able to see our mother, since we cannot physically see her during this time.

Again, thank you and everyone at Preakness Healthcare Center for all you do to care for our loved ones. I pray for you and everyone there to remain safe and healthy through this most challenging time. God bless you all!

Best wishes,
Michelle Folbrecht (Teresa Melani's daughter)
