The Stakeholder is You. *If you are at the CIACC or in the community and dedicated to helping youth and families whose lives have been affected by an emotional or developmental health challenge, you are a stakeholder.*
- VIII. Old Business
- IX. Announcements

Mission Statement

The CIACC serves as an advisory board for the Passaic County Department of Human Services, the Mental Health Board, and Department of Children & Families.

The CIACC strives to ensure optimal services for children and families within a system that promotes individual planning, designed by the needs of each and every family. The CIACC, through coordination of system partners, identifies service and resource gaps and priorities for resource development.
