Celebrating Women's History and Social Services Months

Please Note: This Update is posted on the Passaic County website and distributed through the Constant Contact email group for families who have elected to provide their email address and is distributed to all staff. Our Social Workers, Therapeutic Recreation staff and Unit Clerks distribute the Update to residents who wish to receive it.

On February 27, 2023, a physician who had not been in our Home for four days tested positive. The physician did not have close contact with residents or staff. Presently, we have one resident who tested positive on February 22, 2023 within two days of return from a hospital. Our resident is residing on unit 2-300 until transmission-based precautions are discontinued.

The New Jersey Department of Health urges residents and staff to become vaccinated as the safest and most effective protection against COVID-19 and its variants. Residents or staff who wish to receive a vaccine may contact Patrick Kuiken, RN, LTC-CIP, Infection Preventionist at 973-585-2181.

On February 21, 2023, residents from units 2-400 "B" section and 3-400 "B" section were temporarily transferred to other sections of our Home for a pending fire alarm system repair. After assessing options with fire officials, the work will be included in the project to replace the fire alarm system for the 200s and 400s sections of our Home that was already designed and is pending regulatory approval to begin the replacement. The duration of the temporary transfer is under review pending the anticipated project start date. Resident rooms that were vacated are reserved for the future return of residents to their rooms.

Future resident events beginning at 2 pm in our Home's main dining room include:

- Sentimental Journey, March 8, 2023
- Friday at the Movies, "Harriet" (Women's History), March 10, 2023
- "Elvis" in Concert, March 11, 2023
