THE Sopranos

Passaic County locations have been crucial to the success of the “The Sopranos” from the very start of filming, and we’ve returned there again and again over the first five seasons. From Paterson’s Great Falls to the mall along Route 46, from Fountains of Wayne to Main Street in Little Falls, we’ve found ourselves thankful to have an area so close to New York City with such a variety of locations. On late night shoots, we’ve even put our crew up in many convenient hotels in the area.

We’ve also received help from state, county and local officials in securing permits and getting assistance from local police and fire departments. It’s been a pleasure to work with people who understand both the needs of the communities in which they work and live, and the goals of a production company filming on location.

Variety, accessibility, proximity - it’s hard to find better reasons to film somewhere. It’s why we’ll certainly end up back in Passaic County for our final season. We’ll look forward to it.

Dear Film Professional:

Passaic County has become one of New Jersey's most popular destinations for filmmakers, and with good reason. The county offers a stunning array of locations, including some very unique sites. The cooperation in the local communities is outstanding. And the close proximity to Manhattan saves production companies time and money.

We are pleased to join with the Passaic County Film Commission in welcoming you to the region, and trust that this guide will put a wealth of resources at your fingertips.

Explore the many urban, suburban and rural areas that comprise Passaic County, and make it your next filming destination. We look forward to working with you!

Sincerely,

A handwritten signature in black ink that reads 'Steven Gorelick'.

PICTURING PASSAIC COUNTY

WELCOME TO PASSAIC COUNTY

Rich with diversity and a dynamic business community

Passaic County contains urban, suburban and rural settings from the developed urban centers of the cities of Paterson and Passaic to the sparsely developed and picturesque region of the Highlands with its mountains and lakes located in the Townships of West Milford and Ringwood. The county is comprised of 16 municipalities within 197 square miles and a population of 501,226.

Conveniently situated in the heart of Northern New Jersey, Passaic County is surrounded by Bergen, Morris, Essex and Sussex counties, and is located in the metropolitan New York-New Jersey area, 11 ½ miles from the George Washington Bridge, 13 miles from the Lincoln Tunnel and 17 miles from the Holland Tunnel. Because of its centralized location, Passaic County boasts easy accessibility by automobile, bus, freight, passenger train and air from the tri-state region.

The county is at the crossroads of a number of New Jersey's major interstate highways, (Routes 80, 287, 3, 20, 21, 23, 46, Garden State Parkway and the New Jersey Turnpike) linking the County to New York State, Pennsylvania and Connecticut. The County's location also provides ready accessibility to three international airports (Newark Liberty, LaGuardia, and John F. Kennedy) along with major international shipping ports (Port Newark and Port Elizabeth).

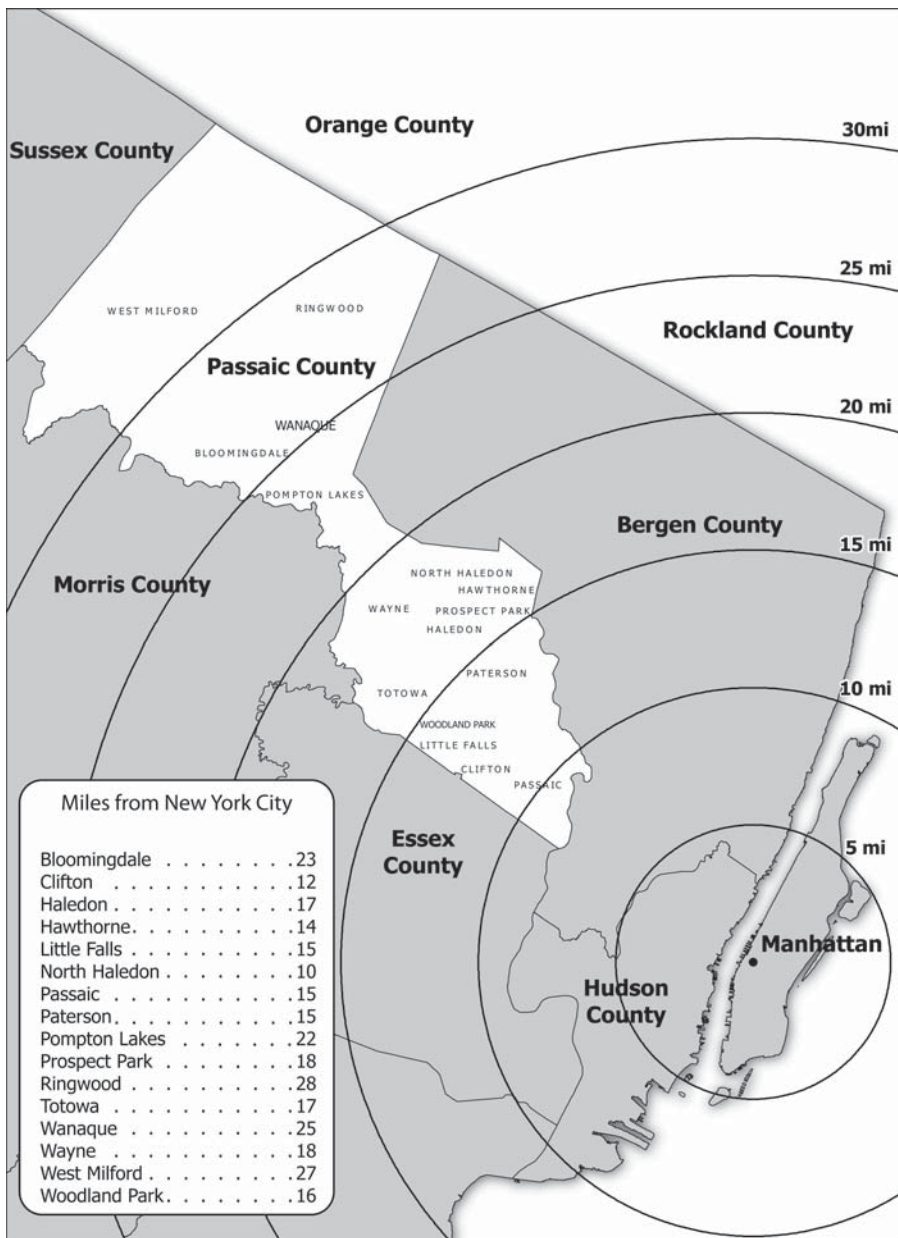

Some of the world's most prominent industrial, office, warehouse, distribution and retail companies are located in Passaic County creating a vigorous local economy.

CITY OF PATERSON

Rich in cultural diversity, Paterson is the third largest city in the State of New Jersey and is home to 148,000 residents with over 50 different ethnic groups and cultures. The City is 8.73 square miles and is considered the birthplace of US industry as the site of the first planned industrial city. A National Historic District was established in 1976 creating the 119-acre "Great Falls of the Passaic and S.U.M. Historic District," and the district was just designated as a US National Park. At the district's core is the Great Falls, the second largest waterfall by volume east of the Mississippi. The 77-foot falls, engineered raceways and mills form an historic district that is unique. There is a mix of turn of the century stately homes in the Eastside section of the city as well as numerous industrial complexes and mill buildings. The City possesses a large and vibrant downtown retail shopping district with

Edison Innovation Digital Media Tax Credit Program

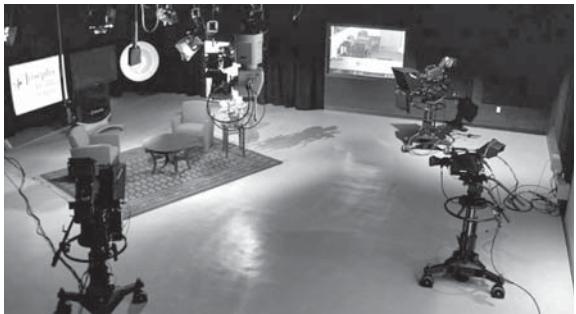

If You Are: A New Jersey technology company involved with the production of digital media content.

You May Be Eligible: For a corporation business tax credit of 20% for qualified media content production expenses.

Program Details: Under the Edison Innovation Digital Media Tax Credit Program, qualified digital media content production expenses include, but are not limited to, wages and salaries of individuals employed in the production of digital media content, costs of computer hardware and software, data processing, visualization technologies, sound synchronization, editing, and the rental of facilities and equipment.

Requirements: To be eligible for this program, a company must have at least \$2 million of qualified digital media expenditures, including 50% of such expenses being associated with digital media salaries of new full-time employees in New Jersey. In addition, the company must create and maintain a minimum of 10 new full-time digital media jobs in New Jersey with a minimum salary of \$65,000 per year. All remaining qualifying full-time employees included must be paid at least \$36,000 per year.

FILM PRODUCTION INCENTIVES

Exemption From New Jersey's 7% Sales Tax

Certain tangible property used directly and primarily in the production of films and television programs is exempt from New Jersey's 7% sales tax. In Urban Enterprise Zone areas the sales tax is reduced to 3.5% for non-qualified expenses.

Urban Enterprise Zone Benefits

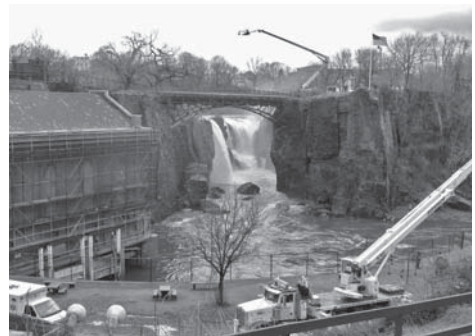

In specially designated Urban Enterprise Zones, sales tax on non-exempt goods are reduced to 3.5%. The City of Paterson and the City of Passaic are designated as State of New Jersey Urban Enterprise Zones (UEZ). Film production companies can purchase building materials and most tangible personal property and services at 3.5% sales tax. If film production companies register as UEZ companies, they pay no sales tax on the purchase of personal tangible properties, excluding vehicles.

Tangible property includes the purchase of replacement parts for machinery, tools and other supplies, the purchase of lumber and hardware to build sets, the rental of picture cars, the purchase or rental of other types of props, and costs related to the repair of camera and lighting equipment.

OPERATIONS AND PROCEDURES

GENERAL INFORMATION

Passaic County contains 16 municipalities. Each city and town has its own unique regulations pertaining to film production. The Passaic County Film Commission staff is familiar with local regulations and should be consulted before specific communities are approached.

As a rule, filmmakers working in Passaic County are required to carry general liability insurance in the amount of \$1 million. Additional insurance may be required if crews are using pyrotechnic effects or performing stunts. Typically, production companies are asked to present certificates of insurance naming property owners as "additional insureds."

Many cities and towns in the county have no formal permit procedure. However, permits are required for filming in county-owned locations such as buildings, parks and historic sites, county highways, railroads and airport terminals and military posts.

FIREARMS

Although working automatic and semi-automatic weapons are illegal in New Jersey, provision has been made for the use of theatrical firearms of every variety. A permit must be obtained from the New Jersey State Police in order to use or transport such theatrical firearms in the state. Out-of-

state permits are not valid. In addition, specific information about the firearms and the parties responsible for them must be provided to both the New Jersey State Police and to the local police in the jurisdiction where the weapons are to be used.

EXPLOSIVES

Special effects sequences, depending on their nature and scope, may require specific permits and/or permission from the state, Passaic County or local municipalities.

Effects using explosives must be performed by an effects coordinator who is LICENSED TO USE EXPLOSIVES IN THE STATE OF NEW JERSEY. Advanced inspection of a given site by local utility companies may also be necessary in some cases.

Pyrotechnical effects must be performed in cooperation with local fire department officials, who may inspect designated location sites and materials to be used. In certain instances, permission from the New Jersey Department of Environmental Protection must also be granted.

CHILD LABOR LAWS

There is no minimum age requirement for children working in motion pictures and television programs. However, out-of-state minors under the age of 16 must procure a Special Theatrical Permit from the local issuing officer in the school district in which a production is being filmed. In-state minors must procure a Special Theatrical Permit from the local issuing officer in the school district where they live.

Minors can work no longer than 5 hours daily, 24 hours weekly, 6 days a week. Combined hours of school and work must not exceed 8 hours daily. Minors under 16 are prohibited from working before 7 a.m. or after 11:30 p.m. unless special permission has been granted by the Department of

Bad Parents

OPERATIONS AND PROCEDURES

Labor, at the request of the New Jersey Motion Picture and Television Commission. Minors under 16 must be accompanied at all times by an adult who is a parent, guardian or representative of the employer.

Minors between the ages of 16 and 18 can work as long as 8 hours daily, 40 hours weekly, 6 days a week. They must obtain an Employment Certificate from the local issuing officer in the district in which a production is being filmed. Minors between the ages of 16 and 18 are prohibited from working before 6 a.m. or after 11:30 p.m. unless special permission has been granted by the Department of Labor, at the request of the New Jersey Motion Picture and Television Commission.

In order to obtain a Special Theatrical Permit or Employment Certificate, applicants must supply a physician's letter stating that the minor is in good health, proof of birth in the form of a birth certificate or passport, and a completed permit form signed by the child's parent or guardian. During the regular school year, a report card or letter from school must also be provided as proof that the minor is in good academic standing.

MINORS WORKING FOR TWO DAYS OR LESS MAY OBTAIN AN EMERGENT THEATRICAL PERMIT by applying to the New Jersey Motion Picture and Television Commission and following the instructions on "OBTAINING EMERGENCY THEATRICAL PERMITS FOR MINORS."

IMPORTANT: The New Jersey Department of Labor requires a 48-hour notice prior to the first shoot date in order to process this permit!

For more information about the Child Labor Law and/or instructions on how to contact local issuing officers, con-

tact the New Jersey Motion Picture and Television Commission at 973-648-6279.

TAX INFORMATION

Sales Tax throughout most of New Jersey is 7%. Certain items are exempt from sales tax, such as food, clothing, drugs, and manufacturing or processing machinery and equipment. A resale exemption also exists.

Hotel Room Occupancy Tax is 7%, but occupancies of 90 or more consecutive days are exempt.

The Workman's Compensation rate in New Jersey is currently 74 cents per 100 dollars of payroll. For more information contact the Compensation Rating and Inspection Bureau at 201-622-6014.

For more specific information about New Jersey Tax Laws, contact the New Jersey Division of Taxation at 609-292-5995.

CONDUCT

While filming in Passaic County, we request that production companies film in such a manner as to minimize the inconvenience or discomfort to adjoining property owners, and shall, to the extent practicable, abate noise and park vehicles so that they will have a minimum impact on local traffic.

FILM CREDIT FOR PASSAIC COUNTY

The Board of Chosen Freeholders requests that you add a credit to the completed film: **Filmed in the County of Passaic, New Jersey with the cooperation of the Passaic County Board of Chosen Freeholders.**
