Update, August 17, 2023

*Please Note:* This Update is posted on the Passaic County website and distributed through the Constant Contact email group for families who have elected to provide their email address and is distributed to all staff. Our Social Workers, Therapeutic Recreation staff and Unit Clerks distribute the Update to residents who wish to receive it.

On August 16, 2023, one resident who lives on our Pathway Unit tested positive. Residents and staff who had close contact with our resident were tested. All staff who work on the Pathway unit are in the process of being tested. Residents who tested positive are residing on resident unit 2-300 until the completion of the period for transmission-based precautions. Residents and staff who had close contact with a resident or staff who tested positive will continue to be tested in accordance with requirements. We currently have six residents and two staff who are on transmission-based precautions for COVID-19.

Last evening, we had our second "Movie Under the Stars" event. Thank you to Kerry Klug, Passaic County Parks Department who brought the event to us and to our staff who assisted in our outdoor movie "theatre".

Congratulations to Na'keem James on his promotion to Maintenance Repairer/"Boiler Operator"!

School will soon be back in session. School supplies will be needed for many students who begin school in the Fall. The County of Passaic is partnering with Montclair State University as part of the University's annual 9/11 National Day of Service and Remembrance collecting school supply donations. The goal is to provide 300 students at East Side High School in Paterson with everything they need for the new school year. A list of requested donations is available at our entrance Security desk and a collection bin is in the entrance lobby. Thank you for your anticipated support!
