Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

Passaic County receives funding annually from the U.S. Department of Housing and Urban Development under the Community Development Block Grant (CDBG) Program. The Department of Planning and Economic Development is the County's designated department responsible for the federal grant program. One of the requirements for receiving these funds is the development of a five-year Consolidated Plan for Housing and Community Development (CP) to provide policy direction for the next five years of funding decisions. In general, the CP is guided by three overarching goals that are applied according to a community's needs. The goals are:

- To provide decent housing by preserving the affordable housing stock, increasing the availability of affordable housing, reducing discriminatory barriers, increasing the supply of supportive housing for those with special needs and transitioning homeless persons and families into housing.
- To provide a suitable living environment through safer, more livable neighborhoods, greater integration of low- and moderate- income residents throughout the cities, increased housing opportunities and reinvestment in deteriorating neighborhoods.
- To expand economic opportunities through more jobs paying self-sufficient wages, homeownership opportunities, development activities that promote long-term community viability and the empowerment of low- and moderate-income persons to achieve self-sufficiency.

The County prepared a new Five Year Consolidated Plan for FY 2018-2022. This plan is the basis for allocation priorities and actions for FY 2019. The federal funding resource for implementation of the plan is the Community Development Block Grant (CDBG) Program. The main objective of this program is to develop viable urban communities by providing decent housing, a suitable living environment, and economic opportunities, principally for persons of low and moderate-income levels. Funds can be used for a wide array of activities, including: housing rehabilitation, construction or rehabilitation of public facilities and infrastructure, removal of architectural barriers, public services, rehabilitation of commercial or industrial buildings and loans or grants to businesses.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

In 2018, the County prepared a five-year plan for the fiscal years 2018 to 2022. This is the second annual plan that will implement the goals and objectives outlined in that plan.

During FY 2019, the County will use CDBG funds for activities in support of the goals for public facilities, infrastructure, public services and planning and administration.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

Passaic County is currently administering the FY 2018 grant program. The program year runs from September 1, 2018 to August 31, 2019. The Comprehensive Annual Performance and Evaluation Report (CAPER) for this year will be available for public review during December, 2019. The last CAPER, for FY 2017, covered the period through August 31, 2018.

During FY 2017, Passaic County received \$788,241 in CDBG funds and spent a total of \$828,017.23. The County allocated the grant funds to seven public facilities and infrastructure projects, and four public services projects, including a fair housing outreach program. During 2017 there were 9 projects completed that were funded in prior years.

During FY 2018, Passaic County received \$849,041 and funded eight municipal and three public service projects. In addition, the County funded several smaller municipal projects from funds remaining from completed projects in older years but no 2017 projects.

The County has been meeting the timeliness standard of no more than 1.5 times its annual allocation at the end of the 10th month of the program year. Municipal projects are often not ready to implement in the first year after funding. This is a situation that the County is seeking to address.

The County's Continuum of Care (Paterson/Passaic County CoC) utilizes McKinney-Vento funds from HUD to support permanent supportive housing, the Homeless Management Information System and a Rapid Re-housing program. The CoC received \$4,557,884 in funding for twelve (12) projects in FY 2018.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The Passaic County CDBG program includes outreach to municipalities and organizations as described in full in the Annual Plan. Such outreach included:

1. Informing the municipalities and organizations of the availability of funds, application deadline, and first public hearing date. Letters and emails were sent out in early December 2018.

2. The first public meeting was held on February 1, 2019. The hearing was advertised in two local newspapers and a blast email reminded interested parties of the hearing.

3. The Action Plan was disseminated by email to all of the participating jurisdictions as well as organizations that represent low- and moderate-income persons and those with limited English proficiency. The second public hearing announcement was included in this communication.

4. A second hearing was held prior to the regularly scheduled meeting of the Passaic County Board of Chosen Freeholders on June 11, 2019 at 5:30 pm. The hearing was advertised with the availability of the Action Plan for display and disseminated through agencies that have contact with low- and moderate-income persons and those with limited English proficiency.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

No comment received.

6. Summary of comments or views not accepted and the reasons for not accepting them

No comment received.

7. Summary

Materials from the County's public outreach efforts are included in the "Public Outreach" attachment.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The following information provides an overview of Passaic County's efforts to consult with relevant agencies during the development of this Annual Action Plan.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

CDBG funds will provide support to a public service agency that delivers services to the elderly. There is an identified need for services to the elderly for assistance with independent living. The County's CDBG funds will also support the provision of advocacy services to abused youth living in foster care.

The Passaic County Housing Agency does not own or manage public housing in Passaic County. The Passaic County Housing Agency administers Section 8 vouchers only. When CDBG funds are used to provide assistance to persons living in the community, those that participate in the Section 8 program will also benefit.

The Continuum of Care (Coc) is administered by the Passaic County Department of Human Services. Through the CoC, Passaic County links to all mental health, homeless, services and health organizations.

The County will continue to hold a fair housing conference to create a better understanding of compliance with fair housing rules and regulations.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Passaic County Department of Human Services facilitates the COC process and was consulted on several occasions for input on the Five-Year plan and FY 2019 Annual Plan. The County Plan to End Homelessness and the FY 2018 CoC application were referenced extensively throughout the Consolidated Plan.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Passaic County does not receive ESG funds.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The County became an entitlement community as an Urban County for the receipt of Community Development Block Grant (CDBG) funds from the U.S. Department of Housing and Urban Development (HUD) in 2008. The County is allocated a CDBG grant each fiscal year. In FY 2019, the amount allocated by HUD to Passaic County is \$ 680,233. The Borough of Ringwood has declined to participate in the Urban County which further impacted the allocation.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Each municipality will leverage the CDBG funds with community funds to provide engineering services for their projects. The County does not pay for engineering. In addition, the total project costs will require that some of the municipalities bond for the remainder of the funds needed to complete the project budget. In addition, some municipalities may have secured state grants to apply toward construction costs. However, there are no matching fund requirements for CDBG funding.

The Passaic County Public Housing Agency expects to receive ongoing Section 8 Rental Assistance Funding from HUD to continue to provide 835 vouchers to low income renters in Passaic County, outside of the entitlement cities.

Passaic County administers the Continuum of Care (CoC) program serving all homeless persons in the County. The CoC expects to apply for funding under the 2019 CoC program later this summer.

The County has a Homeless Trust Fund that is generating support for homeless prevention and rapid re-housing activities.

The County may seek funding from other sources to accomplish its goals. Such funding may include:

- McKinney – Vento Funds under the HEARTH Act

- CDBG Disaster Recovery
- Low-Income Housing Tax Credits
- New Markets Tax Credits
- Economic Development Initiative
- Environmental Protection Agency
- Department of Transportation
- Department of Veterans Affairs

State funds may also be sought:

- NJHMFA Special Needs Housing Fund
- HOME funds provided through DCA
- Weatherization Assistance Program
- Office of Mental Health
- Office of Alcohol and Substance Abuse Services
- Department of Health
- Department of Welfare (Supportive Services for the Homeless)
- Work First New Jersey
- Department of Transportation

The County is not aware of any Low Income Housing Tax Credit (LIHTC) projects to be undertaken. However, should the occasion arise, the County would support a LIHTC application with a Certification of Consistency.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The County is exploring the feasibility of utilizing a county-owned site for affordable housing for elderly and veterans. This project would not involve CDBG funds however.

Discussion

The County received \$537,434 under CDBG CV 1 and an additional \$881,057 under CDBG CV3. The sum is reflected below. In additional CDBG from FY 2020 was reallocated to a Covid-related activity with the CV1 allocation.

Projects

AP-35 Projects – 91.220(d)

Introduction

The following project information for FY 2019 provides a comprehensive overview on the planned CDBG activities. In February 2020, the CV plan was further amended for the Dept. of Human Services activity canceling the food program and funding a shelter program.

By substantial amendment, the County removed the Borough of Haledon street improvement project. NJDOT will be paying the full cost of this project.

The U.S. Department of Housing and Urban Development (HUD) granted several waivers to program procedure to expedite the use of these funds. These waivers included an ability to amend the Citizen Participation Plan and allow for a much shorter timeframe for public display, use of the internet to make the Substantial Amendment available to the public and use of virtual meetings to allow for input and comment. Passaic County advertised the Substantial Amendment on July 31, 2020 and made the Substantial Amendment available to the public for a period of **seven days** and held a virtual public hearing on **August 5, 2020 at noon**.

Passaic County advertised the Substantial Amendment on January 27, 2021 and made the Substantial Amendment available to the public for a period of **six days** from **January 27, 2021 to February 2, 2021**. The proposed Substantial Amendment to the CDBGCV1 Annual Action Plan to cancel the shelf-stable meal program for residents and homeless individuals residing in a local hotel to enable them to quarantine and allocate \$150,000 in funding to the cost of the hotel rooms to enable the Department of Human Services to quarantine residents and homeless individuals with COVID-19.

The CV3 Substantial Amendment was on display **April 16, 2021 to April 22, 2021**, a subsequent substantial amendment on display from March 23, 2022 through March 29, 2022.

	Target Area	
	Goals Supported	Public Facility Improvements
	Needs Addressed	Public Facility Improvements
	Funding	CDBG: \$144,000

	Description	The County of Passaic plans to complete various improvements around the Passaic County Arts Center (PCAC) to improve ADA accessibility to the arts center and Goffle Brook Park walking paths and athletic facilities. The project will include a limited reconstruction of the existing parking lot to better locate accessible parking centrally, with respect to the building entrance and walking path access. The pavement will also be reconstructed to provide maximum 2% slopes in all directions within the parking spaces. The parking spaces will also be van accessible, where no van accessible parking spaces currently exist. The project will also include new walking paths around the perimeter of the existing parking lot, to connect to the existing walking path within Goffle Brook Park. The new walking paths will be 6' wide and constructed with asphalt. The running and cross-slopes of the new walking paths will be fully ADA compliant. The improvements will provide accessible routes that comply with slope requirements and will provide walking paths that are wide enough to accommodate wheelchairs and be surfaced with asphalt, creating solid paths for people who have mobility issues.
	Target Date	9/30/2024
	Estimate the number and type of families that will benefit from the proposed activities	There are approximately 21,000 individuals living in Passaic County with disabilities that stand to benefit from the proposed ADA improvements.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The areas of Passaic County that have a concentration of Non-White and Latino populations are limited but have increased since 2000. Census Block Groups in Haledon, Prospect Park, Wanaque, Pompton Lakes, and Woodland Park have higher concentrations of Non-White and Latino households in addition to concentrations of low- and moderate-income people.

There were no target areas selected for use of CDBG funding.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The Passaic County Continuum of Care (CoC) is supported by the staff of the Department of Human Services and administered by the Passaic County Interagency Council on Homelessness. The Passaic County Consolidated Plan relies on the work of the CoC to set policy and implement programs to prevent homelessness and assist persons who are homeless.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The CoC plans and manages the homeless system's coordination through an ongoing collaboration of public and non-profit agencies, grantors, advocacy groups and formerly homeless individuals. The CoC has provided grant funding to NJ-211 to be the single point of entry for the coordinated assessment process. NJ-211 is the virtual Coordinated Assessment access point accessible to the community via telephone availability 24 hours a day 7 days a week. NJ211 strives to make materials and phone conversations accessible to persons with limited English proficiency through translation. NJ211 is a key partner in conducting point of entry referrals into shelters, permanent housing, and services.

The CoC's Coordinated Assessment system covers the entire Passaic county geographic area through strategic outreach from PATH and SSVF partners. Strategic outreach covers the CoC's geography annually, but also proactively outreaches to the hardest to serve individuals who are not actively seeking services who are identified or staying in known locations. The PATH Program provides regular outreach at known locations. Further, through partnership with the eviction courts, PATH has addressed the needs of those at-risk of losing their housing. When families are removed from the welfare list, outreach is conducted to see if they have short-term places to live and long-term plans for permanent housing. Additional street outreach is conducted by "They Have A Name" to encourage people to move to shelter and services. The SSVF and Community Hope coordinate street outreach to homeless veterans.

As part of the coordinated system, the CoC has created a Housing Prioritization Tool (HPT) to assist the most vulnerable households in the Coordinated Assessment system. Using the tool ensures that people with the greatest needs will be prioritized when housing providers are seeking referrals for permanent supportive housing and rapid re-housing placements. The CoC tracks the length of time clients remain on the list and where clients are discharged to, ensuring the effectiveness of the CoC and the prioritization process. The CoC can monitor bed availability in real-time for housing projects using

Homeless Management Information System.

Addressing the emergency shelter and transitional housing needs of homeless persons

Shelter and transitional housing providers are moving toward rapid re-housing, housing first and limiting stays prior to permanent housing entry. Funds were reallocated from PSH programs to fund rapid re-housing through the CoC. The Passaic County Homeless Trust Fund has also funded rapid re-housing and services in support of rapid re-housing projects. The State DCA funded 500 state-wide rental assistance vouchers for chronically homeless to be matched by services provided by local agencies. NJCDC is administering 50 vouchers and matching with services funded from the County's Homeless Trust Fund.

The CoC is working to shorten the length of time persons are homeless. To this end, transitional housing is being phased out and more rapid-rehousing and permanent supportive housing created. The Hispanic Center Transitional Housing was restructured as a homeless shelter.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Coordinated referral and an extensive inventory of services provide an opportunity for persons who are homeless to make a successful transition to permanent housing. The CoC Priorities are: (1) ending chronic and veteran homelessness, (2) creating new low-barrier housing first-oriented permanent supportive housing and rapid re-housing projects, and (3) creating a systemic response to homelessness through coordinated entry and assessment

- To end chronic homelessness, the CoC is utilizing a Housing Prioritization Tool to prioritize chronically homeless persons for permanent housing opportunities systematically and is supporting projects that have low-barrier intake and termination criteria, this includes having had NJCDC sponsor 15 new Housing First vouchers for the chronically homeless utilizing State Rental Assistance from NJ DCA
- To end homelessness, PCICH members Catholic Family and Community Services and Community Hope provide SSVF outreach, services, and rental assistance and manage a by-name-list of identified veterans to connect them with veteran-specific and other community resources
- To create a systemic response to homelessness, the CoC has funded NJ 2-1-1 to cover the full geographic area with Coordinated Assessment access, and is holding monthly case conferencing meetings among outreach, housing providers and emergency shelter providers to prioritize resources for those who are longest time homeless and with the greatest severity of service

needs

Through partnerships with the Children’s Inter-Agency Coordinating Council (CIACC), education system partners, homeless liaisons, the behavioral health care system, child protective services and the homeless services system, homeless students and their families are identified and service plans developed to meet their needs. CIACC offers cross-training on homeless definitions, compliance and requirements, support systems for the homeless and effective community service providers. CIACC has developed a standardized intervention model for use in school settings to effectively determine the service needs of homeless children and connect them to appropriate providers. The homeless liaison serves on the CoC board.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The CoC application to HUD indicated that the most effective way to decrease homelessness is through a single point of entry, assessment, expanded outreach, increased community awareness, coordination of efforts and expansion of housing opportunities and prevention services.

The Ten-Year Plan places a prevention emphasis on discharge planning and access to a safety net of services. The Coalition continues to:

- Work with the State of New Jersey and local public and private entities to establish an effective homelessness prevention program in Passaic County.
- Create a ‘minimum standard’ discharge policy to be adopted county-wide.
- Create affiliation agreements between various discharging agencies and shelters.
- Improve discharge planning policy for prisons and jails.
- Improve discharge planning for youth aging out of the DYFS system.

Partnerships with the school homeless liaisons will be strengthened through coordinated training sessions with providers. The Mainstream Committee of the CoC has incorporated education and early child care issues in their monthly meetings. The CoC works with the Children’s Inter-Agency Coordinating Council (CIACC) to build partnerships with the healthcare system, child protective services

and homeless services system to better identify homeless students and coordinate services.

The County has budgeted \$15,000 in FY19 CDBG funds for the County Court Appointed Special Advocates (CASA) program which assists foster youth.

Discussion

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

The County is in the process of updating the Analysis of Impediments to Fair Housing which was last completed in 2013. Barriers to affordable housing cited in that document include:

- The County has not updated the land use and housing elements of its Comprehensive Plan for over a decade. An updated land use element could review the amount of developable land in the County and identify potential site locations for affordable housing developments.
- Many of the municipal zoning ordinances in the Urban County are outdated, lack certain terms, definitions, and/or regulations, or are in violation of Federal fair housing law. Although all of the zoning ordinances reviewed in the Urban County permitted affordable housing types in at least one residential district, the amount of land zoned and available for the development of affordable housing types was sometimes limited by municipality. This was especially the case in Ringwood Borough where, multi-family units accounted for only 1.7% of the occupied housing stock. This is partially due to the Highlands Water Protection and Planning Act of 2004, which limits development in Ringwood Borough. All of the municipalities in the Urban County placed undue restrictions on group living facilities for persons with disabilities, such as designated them as conditional uses or not including them within the definition of family.
- Public transit is limited to the County's most densely developed areas and is unavailable to second and third shift workers, as well as those working on Sundays and holidays. This makes it difficult for people without a personal vehicle to access employment opportunities.

In the Five-Year CP, obstacles such as a lack of funding, NIMBYism, a lack of affordable housing, limited infrastructure in the community, Highlands development restrictions, and escalating costs to providing housing were cited as obstacles to providing affordable housing.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The County will continue to conduct fair housing education and outreach. The county does not control land use, zoning, building codes or other actions with direct impact on land use. The County will continue to work in an advisory capacity to the local municipalities on land use issues.

Discussion:

AP-85 Other Actions – 91.220(k)

Introduction:

The following information illustrates other actions that Passaic County will take to address its priority needs.

Actions planned to address obstacles to meeting underserved needs

The primary impediment to the County ability to meet underserved needs is the limited amount of CDBG funding to address identified priorities. The County will continue to seek public and private resources to leverage its entitlement funds in assisting with implementation of policies and programs.

The County Housing Agency provides rent vouchers to offset the high cost of rental housing in the County.

The Passaic County Human Services Department offers several programs to combat homelessness and is the administrator of the COC in Passaic County. The County has a Homeless Trust Fund which will provide resources to address homelessness.

Actions planned to foster and maintain affordable housing

The County will continue to support its goals of maintaining and expanding affordable housing by supporting activities and programs funded by others by certifying these activities as consistent with the five - year plan.

The Passaic County Weatherization and Home Energy Division provides utility subsidies to low income individuals residing in Passaic County to permit them to stay in their homes and have adequate heating and electricity. In addition, the Division rehabilitates the homes of low income individuals to ensure that they are energy efficient. Rehabilitation includes insulation, new windows, new hot water heaters and new boilers.

Additionally, the County will continue to provide resources to help homeless and low-income persons obtain housing. For example, the Passaic County Housing Agency provides rent vouchers to offset the high cost of rental housing in the County.

Actions planned to reduce lead-based paint hazards

The County is a participant in the New Jersey Health Department Lead Abatement Initiative. When children are identified with an elevated blood lead level, the County provides oversight to ensure that the lead-based paint problem is addressed. The State recently announced its plans to reinstate funding

for lead-based paint remediation. The County will once again be able to refer owners to this program.

The U.S. EPA guideline for renovation, paint and repair, effective April 22, 2010, requires that all contractors notify owners of properties constructed prior to 1978 of the potential for lead-based paint hazards and to perform work in a lead safe manner. Contractors must be trained and registered with the U.S. EPA to do work in older homes that disturbs painted surfaces. Local building code offices will be made aware of these requirements.

Actions planned to reduce the number of poverty-level families

Through implementation of human services programs offered by or through funding provided by Passaic County, the County works to reduce the number of families with incomes below the poverty level. The County, in conjunction with the public and private agencies and institutions, provides lower-income households with the opportunity to gain the knowledge and skills as well as the motivation to become fully self-sufficient. Economic Development activities are directed toward the creation of new businesses and employment opportunities. The CDBG program provides the potential of generating jobs that may be filled by Section 3 residents or hire Section 3 businesses.

The county Workforce Development Board and Workforce Development Center develop training and provide job placement services for county residents.

Actions planned to develop institutional structure

The County Department of Planning and Economic Development is responsible for the administration of the CDBG program. All sub-recipient agreements are monitored on an ongoing basis. The County participates with other groups when appropriate, such as planning for the homeless, to facilitate cooperative problem solving in Passaic County.

Actions planned to enhance coordination between public and private housing and social service agencies

The County will continue efforts to enhance coordination between agencies by creating partnerships in the implementation the Section 3 outreach initiative and the Passaic County Interagency Council on Homelessness. The Section 3 outreach effort will partner with the Passaic County Workforce Development Center and the agencies involved in the Human Services Advisory Board to identify Section 3 individuals and businesses and to provide feedback on available job opportunities. The Passaic County CEAS/Continuum of Care is comprised of providers of homeless services and prepares the McKinney application for funding from HUD.
