7. Governor Murphy Announces Extension of Affordable Care Act Enrollment Period for Uninsured In New Jersey In Response to COVID-19 Pandemic

New Jersey Joins Biden Administration in Effort to Assist Residents Through Special Enrollment Period

TRENTON – Following the Biden Administration's health care action, Governor Phil Murphy announced the State is extending the health insurance enrollment period for uninsured residents to sign up for coverage through Get Covered New Jersey, the state's official health insurance marketplace, in response to the coronavirus pandemic. The state of New Jersey transitioned from using the federally-facilitated marketplace, healthcare.gov, to its own marketplace last year, GetCovered.NJ.gov. The first Open Enrollment Period started November 1, 2020 and ends on January 31, 2021. New Jersey will extend the window for eligible uninsured residents to enroll in a health insurance plan through the marketplace or directly from carriers through a COVID-19 Special Enrollment Period through May 15, 2021.

The coverage effective dates will be as follows:

- Enroll by February 28, coverage effective March 1;
- Enroll by March 31, coverage effective April 1;
- Enroll by April 30, coverage effective May 1;
- Enroll by May 15, coverage effective June 1.

Residents shopping for health insurance through GetCovered.NJ.gov have access to a new state subsidy — called New Jersey Health Plan Savings — on top of premium tax credits and costsharing reductions available to lower the cost of their health insurance.

All plans available through Get Covered New Jersey meet the stringent standards of the Affordable Care Act and offer free preventive care, free telehealth during the COVID-19 public health emergency and for 90 days thereafter, and coverage for emergency services, mental health and substance use services, and more. All plans available through Get Covered New Jersey are also required to cover COVID-19 diagnostic testing and COVID-19 vaccinations without out-of-pocket costs.

After January 31st, New Jerseyans can make updates to health plans or enroll in a new health plan for other reasons, including birth or adoption of a child and pregnancy. More information on

Special Enrollment Periods will be available on GetCovered.NJ.gov, where residents can also shop and compare plans and see if they qualify for financial help.

The deadline for New Jersey's COVID-19 Special Enrollment Period aligns with the enrollment window opened by the federal government under the Biden Administration in response to the COVID-19 pandemic.

All New Jerseyans seeking health insurance are encouraged to sign up by January 31 in order to have coverage in effect on February 1, providing the maximum benefit of health coverage for 2021. To get free help choosing a plan from a trained, certified assister, go to Find Local Assistance on the Get Covered New Jersey website.

8. **The National Lifeline Program and the 9-8-8 rollout**: The National Suicide Prevention Lifeline is a national network of local crisis centers that provides free and confidential emotional support to people in suicidal crisis or emotional distress 24 hours a day, 7 days a week. We're committed to improving crisis services and advancing suicide prevention by empowering individuals, advancing professional best practices, and building awareness.

The National Suicide Hotline Designation Act is now law. 9-8-8, the new three-digit number for the National Suicide Prevention Lifeline, is to be completed by July 2022. A national three-digit phone number will improve access to vital crisis services, improve the efficacy of suicide prevention efforts, reduce the stigma about mental health and getting help. Most importantly, 988 will help to save lives, every day.

For now, 1-800-273-TALK (8255) is the phone number for callers to connect to Lifeline services (nationwide). 988 is NOT CURRENTLY ACTIVE and should not be promoted until the national Lifeline program has completed the rollout in the summer of 2022.
